BRITISH BATTLESHIP TRIUMPH IS SUNK BY TURKS.

The battleship Triumph.

Constantinople.

ALLIES' FIFTH GREAT SHIP OF WAR
SENT TO THE BOTTOM BY MOSLEMS.

[BY ATLANTIC CABLE AND A. P.]

LONDON, May 26, 11:36 p.m.—The British battleship Triumph has been sunk in the Dardanelles. This official announcement was made tonight.

The disaster of the Triumph is described in a brief statement by the Admiralty, which says that while operating in support of the Australian and New Zealand forces on the shore of the Gallipoli Peninsula yesterday the Triumph was torpedoed by a submarine and sank shortly afterward.

The majority of the officers and men, including the captain and commander, are reported to have been saved. The submarine was chased by destroyers and patrolling small craft until dark.

With the sinking of the Triumph five allied battleships have been accounted for in the Dardanelles.

After the fall of Teling-tau the Triumph returned to European waters and early in the present year began operations with the other units of the allied fleet against the Dardanelles. In the latter part of April the Triumph bombarded the Turkish trenches on the western end of the Gallipoli Peninsula and afterward went into the Dardanelles to search the trenches for the Turkish batteries. Here she came under the fire of a Turkish howitzer battery on the Asiatic shore, which damaged her by the shells, however, and only two men, a steward and a bluejacket, were wounded. The battleship silenced the Turkish battery before retiring.

A few days later, while landing operations were proceeding the Triumph with other warships, in addition to covering the landing, bombarded the forts in the Dardanelles to prevent reinforcements reaching the Turkish lines.

Counted for lost the Dardanelles Turkish gun fire, mines or torpedoes. Of these losses the British have sustained four—the Triumph, Ocean, Irresistible and Goliath. One French ship has been sunk—the Bouvet. In addition several other allied battleships have at various times been struck by Turkish shells and forced to retire from the fighting in the waterway.

The battleship Triumph was built at Barrow in 1902 for the Chilean government, but was purchased by Great Britain in 1902. She was laid down under the name of Libertad and was a sister ship of the Constitution, which also was purchased from Chile and rechristened Swiftsure.

Since the present war broke out the Triumph has been operating in both the eastern and European waters. She participated in the bombardment of the German base of Teling-tau, China, last October and was reported to have been damaged by the shell fire of the German forts.

the Turks from the sea of Marmara. The Triumph was credited in the official reports with having set fire to the town of Maldo during this bombardment.

The Triumph, which was commanded by Capt. Maurice E. Fitzmaurice, was a vessel of 11,885 tons and of 15,600 horse power. Her crew of officers and men in times of peace numbered about 100 men. The vessel carried four 16-inch, fourteen 1.5-inch guns and four six-pounders. In addition she carried two eighteen-inch torpedo tubes.

The Triumph was 438 feet long and had a speed of about twenty knots.

THE BERLIN REPORT.

BERLIN (via London) May 27, 12:25 a.m.—A Constantinople dispatch to the Tagblatt says that the British battleship Triumph was sunk by a single torpedo and that she disappeared in seven minutes.

TORPEDO
OR MINE?Which Really Hit the
Nebraskan?Course of American Govern-
ment Depends on Answer
to the Question.British Admiralty Blames
German Submarine for the
Latest Disaster.But the Captain of the Ship
Himself is not so Sure
About It.

WASHINGTON, May 26.—The course of the United States government in the case of the American steamer Nebraskan, damaged off the coast of Ireland, was undetermined tonight because officials were without definite information as to whether the ship was torpedoed or struck by a mine.

Messages from Ambassador Page and Consul-General Skinner at London today transmitted the report of the British Admiralty that the vessel had been torpedoed, but officials noted with much interest the captain's report to his owners, indicating a doubt as to whether the Nebraskan was hit by a torpedo or a mine.

WILSON'S INTEREST.

President Wilson himself read all the official and unofficial dispatches. In view of the positive position which the United States has taken in the subject of submarine activity in the war zone and the delicacy of the situation with Germany arising out of the Lusitania disaster, the story of the Nebraskan's experience is being followed with unusual interest. Should it develop clearly that she was torpedoed without warning, an aggravating circumstance will have been added to an already tense situation, notwithstanding the fact that no lives were lost.

Germany, in a circular note to neutral governments in May 12, announced that regret would be expressed and payment of damages made without prejudice to the right of the United States to demand satisfaction for all the neutral vessels attacked by mistake in the war zone.

AMERICAN POSITION.

The United States, in its note of May 12, pointed out that "expressions of regret and offers of reparation in case of destruction of neutral ships sunk by mistake, while they may satisfy international obligations, if of no loss of life results, cannot justify or excuse the practice of the natural and necessary effect of which is to subject neutral nations and neutral persons to new and immeasurable risks."

OFFICIAL RETICENCE.

Officials here were reticent to discuss the case pending full reports. Counselor Lansing of the State Department revealed, however, that assurances had some time ago been received from Great Britain to the effect that such mines as had been laid by the British Admiralty were of a nature which would become innocuous if detached from their anchorages. No other government, Mr. Lansing said, had given similar assurances.

The United States has never been able to fix responsibility for the accidents to the American cotton ships which were wrecked in the Atlantic. It will be a difficult task to determine from an examination of the wreckage whether a mine or a torpedo struck her. An investigation nevertheless will be ordered when the ship reached port. A similar inquiry was made by naval attachés of the American Embassy when the American steamer Gulf light reached port, and it was determined that a German submarine was responsible. There have been intimations since then, however, that Germany, in her reply, would deny responsibility for the wrecking of the Gulf.

So far as the State Department is informed, there is no British mine field near where the Nebraskan was struck.

The fact that the Nebraskan was under charter to a British concern, partly American-owned, prior to sailing on her return voyage, it was said by officials, would not affect her status. She carried no contraband and was engaged in no hostile service, being bound for Hampton Roads to take on coal for the United States Navy, to be carried as freight to San Francisco.

Ambassador Page at London called a long report on the Nebraskan incident to the State Department tonight. It is being deciphered and tomorrow will be placed before President Wilson.

CANTALOUPE
SEASON ON.First Load from Imperial
Brings Record Price in
New York.

BRAVLEY, May 26.—The cantaloupe season is on. Some time during the night the first carload of 1915 went speeding to the New York market. Today word was received that the first carload into New York shipped by the United Marketing Company was sold to the Waldorf-Astoria Hotel for the record price of \$27. Tomorrow night the Brotherhood of American Yeomen will give a cantaloupe day ball. The influx of distributors' agents, clerks, packers and others and the stimulus in business here, center for the big cantaloupe district, is further evidence that big business may be expected.

EITHER A MINE
OR TORPEDO.

NEW YORK, May 26.—The American-Hawaiian Steamship Company, which has been chartered by the British government, received a wireless message from the Nebraskan's captain, relayed by cable, in which the captain said the vessel had been struck by either a mine or a torpedo, and that he had turned back and was proceeding with a convoy to Liverpool.

The text of the message, which was dated yesterday and was signed by Capt. John S. Green, was as follows:

"Struck either by mine or torpedo forty-eight miles west of Fastnet and lower hold. No one injured."

The Nebraskan was under charter on this trip to the White Star Line of the International Mercantile Marine. She was built at Camden, N. J., in 1902, and is registered at 4408 tons gross, 2524 tons net. She is 360 feet long, 46.5 feet beam, has a depth of 24.6 feet and was built with eight watertight bulkheads, her fuel being oil.

With her sister ship, Minnesota, from May to August, 1914, she was under charter to the United States Army as a transport and was fitted up to carry horses from Galveston to Gen. Funston's troops at Vera Cruz. After being released from government service she was sent through the Panama Canal.

FLAGS OF ALLIES
FLY IN PARIS.

PARIS, May 26.—The flags of the European nations allied against Germany—France, Italy, Great Britain, Russia, Belgium and Serbia—were today by the order of the French government displayed in groups over many of the public buildings and monuments of Paris.

Among the edifices thus decorated are the residence of the President of the republic, the Senate, the Chamber of Deputies and all the ministries.

ADVANCE OF THE ROMANS
TOWARD THE ISONZO RIVERAustrians Reported to Have been Driven Back by
the Italians—King to Take Supreme Command of
the Armies Operating Against the Dual Monarchy and
the Germans.

GENEVA (Switzerland), May 26, 10:25 a.m. (via Paris, 3:20 p.m.)—Italy troops which have invaded Austria along a line near the border running north of the Gulf of Trieste continue to advance toward the Isonzo River at three points, forcing the Austrians to retire. Apparently the Austrians thus far have made no determined resistance.

The Italians captured 200 prisoners yesterday. Casualties on both sides have been light. King Victor Emmanuel is expected to go to the front this week.

The first five prisoners taken by Italian soldiers on Austrian territory were taken on the Isonzo River. The Austrians were taken to Verona. On reaching Italian soil one of the soldiers seized the military cap of an Italian private, exclaiming: "I am from Trentino. Viva Italy."

THE LONDON REVIEW.

LONDON, May 26, 11:05 p.m.—Although the Italian troops have crossed the eastern border, the Austrians have always taken the stand that their efforts on the other fronts.

In Middle Galicia they have assumed the offensive against the Russians since the incident was "another challenge to the River and claim to have taken the line."

SAYS UNITED AUSTRIA
WILL OPPOSE ITALIANS.

BUDAPEST, May 26 (via Amsterdam to London, May 27).—Count Stephan Tisa, the Hungarian Premier, today delivered a stirring speech before the Chamber of Deputies. He explained Austria-Hungary's position toward the Italian demands during the past four weeks, and received a tremendous ovation when he closed his peroration with the following declaration:

"We conducted our negotiations against the belief that it would be impossible for a state calling itself civilized and which was allied to us to attack us while we were at war, all the more so as we had offered her everything."

"We shall now, more than before, astonish the entire world with the spectacle of our power of action, virility, unity and resolution. The Hungarian nation, united with the peoples of the Austro-Hungarian monarchy, and with our powerful ally, will wage this war to the last breath."

POOR ENGLISH
IN SCHOOLS.Revolution to Bar Slang of
Street to be Started in
California.

SACRAMENTO, May 26.—"Poor English in California schools is the rule," declared Commissioner of Secondary Education Will C. Wood today. "We have been expecting the teachers to change in one and a half hours of recitation each week the inaccurate speech formed by the student during the remaining 100 waking hours. This is primarily a revolution in the curriculum of the high schools of the State in connection with the study of English. The inaccurate grammar and slang of the street is to be barred. Wood is collaborating with the committee of the California Association of English Teachers."

DADDY'S ALL RIGHT,
SAYS BABY GREEN.SON OF NEBRASKAN SKIPPER
IS THE FIRST TO ASK OF
FATHER'S SAFETY.

SAN FRANCISCO BUREAU OF THE TIMES, May 26.—Little Franklin Green, the 3-year-old son of Capt. J. S. Green, commander of the steamer Nebraskan, was the first member of the captain's family here to inquire about his safety. Franklin and his grandmother are the only occupants of the Greens household here, his mother and two sisters being away on a visit.

The lad upon hearing of the fate of his father's ship immediately told his grandmother and then rang up the officials of the American-Hawaiian Steamship Company, who advised him of the safety of his father and the members of the crew.

"Goodby, goodby," shouted the little fellow, and when friends of the captain came to inquire about his safety he would answer, "Daddy's all right."

NATIONAL TRAFFIC RULES.

Convention of Police Chiefs Advocates Uniformity in Handling Business on Crowded Streets.

CINCINNATI (O.), May 26.—Formation of plans for national traffic rules was advocated at the annual convention of the International Association of Police Chiefs here today.

W. J. Peterson, Chief of Police of Oakland, Cal., praised the automobile for police work, saying they are being used for patrolling in Oakland. A committee was appointed to confer with committees from the International Association of Sheriffs and the International Association of Railway Special Agents on a proposition to form the three organizations into a great association of peace officers.

OF TARIFF.Great Bungle by
the Democrats.Find Now They Have
Back Millions They
Have Collected.Add to Their Horror
Deficit in Treasury.ing of the Customs Court
the Five Per Cent.
Rebate Clause.

WASHINGTON, May 26.—The so-called "five per cent." clause of the tariff law, granting a rebate of duties to that amount on goods imported into the United States, is being reported in ships of those countries with which the United States has treaties existing with the Indian Reservation, causing the loss in all. They could then be sold at five cents each, and so on. The loss is not less than \$100,000,000. The property is situated in the last desirable part of Mexico, a scenic point of view, and that a purchase will command half the value of a beautiful summer home.

Flow of United States Capital to Develop South American Countries Predicted

MUTUAL UNDERSTANDING
TO BOOM OUR TRADE.Formation of Gigantic Steamship Line
Discussed at Conference.

Needs of Countries Below Equator are Frankly Considered by Delegates at National Capital and Belief is General that Relations of Two Continents will be Cemented in Good Will and Friendship.

(BY A. P. NIGHT WIRE.)

WASHINGTON, May 26.—Conference between representatives of the financial and business interests of the United States and delegates from South and Central America attending the Pan-American financial conference were continued today in the effort to bring about a clear understanding of the desires and needs of the southern republics. There was no general session of the conference, and the oratory that has marked previous meetings gave way to statements of fact about the conditions facing the various countries, and the necessity for credit and cash to aid in their development.

The committee on transportation, which has under consideration what many of the delegates regard as the most important question which the conference has faced, entrusted its work to a sub-committee, which is not expected to report until Friday. There were rumors tonight that there might result from the conference a gigantic steamship corporation backed by all the interested countries to insure rapid, regular and safe transportation between North and South America.

OUR HANDS ARE TIED. It was pointed out, however, during the discussion of this subject, that so far as the United States is concerned, its official representatives have no authority to enter into any negotiations along this line.

Another suggestion talked over contemplated the establishment of steamship lines by the respective governments interested, the bonds of which should be government-guaranteed.

It developed today that while comparatively few of the visiting delegates have concrete proposals to offer which will immediately attract capital from the United States, the general feeling is that, if the United States has a sentimental value, which later should result in something more tangible than the present interchange of views.

Aside from the group conferences, the delegates had little work to occupy them today. Some were guests at luncheon of Secretary Bryan, and all were taken on an automobile trip through part of the capital. Later the Federal Reserve Board entertained the visitors at tea at a country club.

ARBITRATION PLAN. The proposed arbitration of commercial disputes made by representatives of Argentina has been approved unanimously by the Executive Committee of the United States Chamber of Commerce, according to an announcement at the conference.

There was a discussion among the delegates and representatives of the United States as to the feasibility of incorporating a bank under the Federal reserve law, in which national banks should be stockholders who should be able to establish branches in Central and South American countries. The discussion, however, is not expected to develop any concrete plan at present.

HONDURAS DISCUSSION. The Honduran delegates discussed the possibility of shaking off English control of their railroads. The price at which the English hold the Honduras railroad has so far been prohibitive, it was explained, not because of its intrinsic value but because of the lack of money. Cuba looked into the possibility of a reciprocity treaty with the United States to replace the present one.

BOLIVIA'S SITUATION. Bolivia was said to be in a critical way because of the lack of foreign capital for the development of that country, particularly for developing its tin mines. The Nicaraguan delegates said that if American business men desire to increase their trade

SUBMARINE SEEN
OFF IRISH COAST.

(BY ATLANTIC CABLE AND A. P.)

CROOKHAVEN (Ireland) May 26.—It was learned today that a submarine was seen last night off the southern coast of Ireland. She was sighted shortly after 9 p.m. near Galley Cove, which is just south of here and about ten miles from Portlaoine. No connection has been established between this incident and the mishap to the steamer Nebraska, which is reported to have occurred shortly before 9 o'clock at a point about forty miles from Dublin. The steamer was seen outside Crookhaven at about 9 o'clock last night. As she approached in the direction of Fastnet lighthouse, two loud reports of a gun were heard. A boat in Crookhaven harbor went in the direction of the steamer which put about and was lost to sight. Several residents of Crookhaven went along the shore, keeping a sharp lookout. They sighted a submarine off Galley Cove. One of the men or shore fired two shots with a rifle at the men in the conning tower of the submarine. The submarine dived immediately.

RUSSIA SENDS MORE TROOPS TO REINFORCE CONTINGENT IN PERSIA.

(BY ATLANTIC CABLE AND A. P.)

PETERSBURG, May 26 (via London).—A telegram from Tcheran, the capital of Persia, says that Turco-German agitation in that country has assumed a threatening nature. On this account Russia has sent in addition to the Persian army, a contingent of Russian subjects and that it implies no hostility to Persia.

TO CONTROL DRINK PROBLEM.

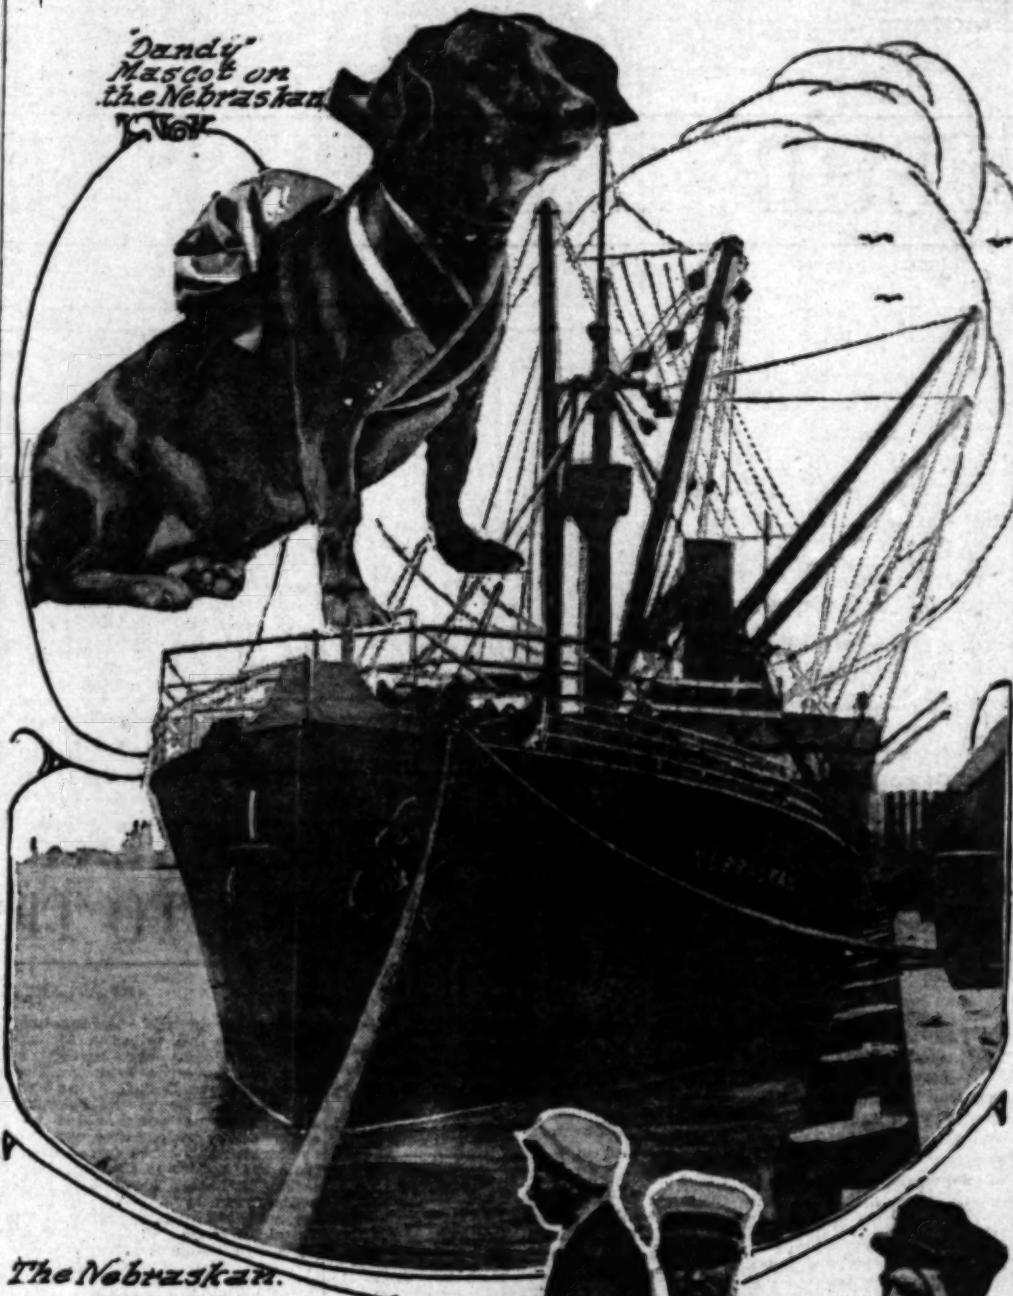

British Name Central Board to Handle Question in Munitions, Transport and Camp Areas.

(BY ATLANTIC CABLE AND A. P.)

LONDON, May 26.—The central board of control to deal with the drink problem in the munitions, transport and camp areas, created by an amendment to the Defense of the Realm Act, was named today.

The board will consist of Baron d'Abernon, chairman; Col. Sir Neville, chairman; E. R. Cross, John McAlister, Denny, Denny & Co., engineers, Dumbarton; John Hodge, member of Parliament for Lancashire; Sir William H. Lever, Sir George Newman, chief medical officer of the Board of Education; Walcott Astor, member of Parliament for Plymouth; Philip Snowden, member of Parliament for Blackburn; John Pender, assistant secretary of the Home Office; R. R. Scott of the Admiralty; and W. Towle, a widely-known hotel manager.

to come to an agreement with Italy regarding our ultimatum to Serbia. The only mention of an antecedent agreement with Italy in the Triple Alliance treaty states specifically that this was required only in the event of the alteration of the status quo in the Balkans. Until a few days ago no Italian statesman asserted that we had violated the treaty by omitting a previous agreement. In the conversations and exchanges of notes during the months following the Servian ultimatum, the idea never arose that Italy saw in our procedure any violation of the treaty.

"All the leading personalities in Italy," the leading personalities in Italy, expressed the wish that Italy, even though abstaining from the conflict, would nevertheless remain loyal to her ally.

SPEYER SAILS FOR NEW YORK.

(BY ATLANTIC CABLE AND A. P.)

LONDON, May 26.—Sir Edward Speyer, who recently resigned his private Councilship on account of criticism based on the occupancy of such a position by a native of Germany, sailed for New York today on the steamship Philadelphia. He said he was going on a short holiday.

AUSTRIANS RAZE BUILDINGS
TO GET RANGE FOR GUNS.

(BY ATLANTIC CABLE AND A. P.)

VERONA (via Paris) May 26.—Reports here from Trentino are to the effect that the Austrian military authorities have ordered the destruction of government buildings, barracks, monasteries and churches in order that they may have a free range for their guns. In the village of Avio, the bridge across the Adige River from Avio to Vo was blown up.

Rome.

ITALY ORDERS BLOCKADE
AGAINST AUSTRIA-HUNGARY

(BY ATLANTIC CABLE AND A. P.)

ROME, Italy, May 26, via Paris.—The Italian government, believing that Austria-Hungary is utilizing several ports on the Albanian coast for secret commissariat departments, declared a blockade today against that portion of the Austro-Hungarian coast comprised between the Italian frontier on the north and the Montenegrin boundary on the south, including all islands, ports, anchorages and bays, and also the Albanian coast from the Montenegrin limits on the north to and including Cape Kephallion on the south.

The declaration specifies the geographical limits by latitude and longitude and adds: "Vessels belonging to friendly and neutral powers will be allowed sufficient time to leave the zone, the amount of time to be determined by the chief of the naval forces."

"Measures will be taken in conformity with the rules of international law and treaties in existence against all vessels endeavoring to cross, or which succeeded in crossing the line marked by Cape Otranto and Cape Kephallion."

Chetumal, Attention. If you want first-class food, other stores or new stock, call on or telephone West 5241 or 5274, Los Angeles.

ALLIES SLOWLY PUSHING
THE GERMAN LINE BACK.At La Bassee, Arras, Cornailles and Soissons
Much Ground is Gained.

Since May the First the British Report an Advance of Three Miles and the Capture of Much More. On the Eastern Front the Austrians are Steadily Moving Toward the Przemysl Forts.

(BY ATLANTIC CABLE AND A. P.)

PARIS, May 26.—The following official communication was issued by the War Office tonight:

"The British troops have made a new advance in the direction of La Bassee, taking sixty prisoners of whom several were officers, and capturing some machine guns."

"To the north of Arras the Germans have continued their desperate efforts to retake in the region of Angres the positions which they lost yesterday. The engagement throughout the day was one of extreme violence."

"At the Cornailles fortified works a counter-attack by the enemy at first compelled us to withdraw, but in less than an hour we had reconquered the whole position and we have maintained it since then."

"At a neighboring work, farther to the south, the enemy after sanguinary attacks, has retaken a part of the north salient, but we have held the west salient and carried part of the south salient."

"Between these two works and the road from Aix-Neuville to Soissons our attacks have made progress and we have gained the foothold at divers points in the lines of the enemy who has not succeeded in recouping any of the trenches captured yesterday by us."

"At the northern outskirts of the wood north of the road from Neuville to Soissons a new advance has been made by the British troops, capturing a number of prisoners and some machine guns."

"On the eastern front the Austrians are steadily moving toward the Przemysl Forts. The British troops have made a new advance in the direction of La Bassee, taking sixty prisoners of whom several were officers, and capturing some machine guns."

Winner of Navy League Contest.

Mrs. Russell Millard.

The first annual membership contest of the Navy League, which was arranged to add members to that active organization, ended after two weeks of spirited competition, and Mrs. Russell Millard, wife of the explorer, won the first prize and will get the official decoration of the Navy League, which is an elaborate design of platinum and gold. Mrs. Millard led with ninety-one new members. The Executive Committee announced that the contest was a success in every way, and that it is probable that the event will be made an annual one. The membership of the Navy League now totals more than 100,000 and includes hundreds of the most prominent men and women of the nation.

TO CUT PRICE OF GASOLINE.

GOOD PROGRESS BEING MADE
WITH LATE DISCOVERY.

Expert of Bureau of Mines, Who
Has Also Discovered Bases for Dyes
and High Explosives, Will Soon
Place His Processes at Disposal
of All.

(BY A. P. NIGHT WIRE)
WASHINGTON, May 26.—Secre-
tary Lane announced today that "ex-
cellent progress" was being made in
development of the gasoline and benzol
processes designed by Dr. Walter
P. Reitzman of the Bureau of Mines
to increase the output of gasoline by
refining, and to make possible the
production from crude petroleum of
"toluol" and benzol, which are the
bases for dyes and high explosives.
He said the gasoline process now
was ready "for large-scale industrial
application," and the "hope is ex-
pressed that the benzol process will
be ready soon."
The benzol process is being developed
in co-operation with a chemical
company of New York, which has
agreed that all patentable equipment,
processes and ideas available as a re-
sult of the co-operative work will be
turned over to the department to be
dedicated to the public.
The department stands ready, Sec-
retary Lane says, to enter into sim-
ilar agreements with other companies.

BANKERS FRAME BLUE-SKY LAW.

(BY A. P. DAY WIRE)
OAKLAND (Cal.) May 26.—Indi-
vidual reports by visiting delegates
regarding financial conditions, trade
outlook and general business develop-
ment in their respective States, and
the reading of a proposed "blue sky"
law to be submitted to various State
Legislatures, by passed by the organ-
ization, featured today's session of
the convention of National State
Bank Supervisors.
The law, as framed, carries three
features, that have a direct bearing
on the formation of stock companies
and the sale of securities.
It is proposed that the sale of securities
shall not be permitted without a notifi-
cation of the transaction to the State
official having supervision of that
branch of the government.
It also is proposed to give general
power of investigation to State of-
ficials covering fraudulent promotion.
The measure contains a fraud pro-
vision taken from the existing Fed-
eral law. The bill, as reported, will
be acted upon at Friday's session.

THE TIMES SPECIAL EXCURSION TO THE WORLD'S FAIR.

WHILE every reservation is taken for The Times Special de Luxe
Excursion to the Panama-Pacific Exposition, which will leave the
Santa Fe station, Los Angeles, next Tuesday evening at 5 o'clock.
The train will have the best of everything in regard to meals and ac-
commodations. The train will be composed of about seven coaches,
one observation car, baggage car and diner.
Because of an obstruction on the valley route, The Times train will
not leave San Francisco over the Coast line. For this reason the time
of the party in San Francisco a few hours earlier than origi-
nally planned.
It is expected that every ticket for this excursion will be taken
before anybody who has not already paid their deposit on
the ticket should call at once. For further information, address or
contact The Times Excursion Department, The Times Building, First and
Broadway. First come, first served.

USELESS TO SAY WHAT WE'LL DO.

Senators Cautious Regarding
Nebraska Incident.
Some Members of Congress
Express Indignation.
Better Leave it to Wilson,
Burden of Comment.

(BY A. P. NIGHT WIRE)
PORTLAND (Or.) May 26.—Both
Senator George E. Chamberlain, chair-
man of the Senate Committee on Mil-
itary Affairs, and Senator Harry Lane,
in commenting upon the explosion of a
mine or torpedo, which damaged the
American steamer Nebraska, ex-
pressed the opinion today that it was
useless to say what the United States
would do until all the facts be-
came known.
"First, it must be ascertained
whether the Nebraska struck a mine
or was attacked by a submarine,"
said Senator Chamberlain.
Senator Lane said that Germany
could not believe that Germany
would make such an attack demer-
itely. But if she did, there will be
plenty of time to talk of war after
the fact has been developed by diplo-
matic investigation. President Wil-
son is guided by the highest patriot-
ism, and he will keep this country
out of the war if it can be avoided
with honor.

(BY A. P. NIGHT WIRE)
NEW YORK, May 26.—Seventy-
seven passengers saved from possible
death when the Holland-American
liner Ryndam collided early today with
the tramp steamer Joseph J. Conso of
Nantucket Shoals lightship, were
brought safely to port tonight by the
battleship South Carolina, which par-
ticipated in the rescue.
The Ryndam, conveyed to Ambrose
lightship by the battleship Texas,
reached the harbor before her pas-
sengers arrived and anchored down
the bay. She was drawing thirty-six
feet of water and much of her cargo,
containing foodstuffs for Holland,
valued at \$1,000,000, was destroyed. A
hole in her side below the water line
about the width of a plate, was stopped
with canvas. The Conso, damaged,
was proceeding under her own steam
to the port.

The steamer Thomas J. Millard,
carrying friends and relatives of pas-
sengers and officers of the Holland-
America line were down the bay to
meet the South Carolina to take on
board the rescued passengers.
The Ryndam left here for Rotter-
dam yesterday with fifty-four cabin
and twenty-three third-class pas-
sengers. The crew numbered about
150. The Conso left Boston last night
for Harpoon, Cuba. Shortly before
6 o'clock this morning, in a heavy fog,
both steamers rammed each other.
The wireless operator of the Conso
sent out a "help" signal which was
picked up by several of the Atlantic
fleet battleships in the vicinity, hav-
ing just completed their war maneu-
vers.

The battleships Louisiana, South
Carolina and Texas rushed to the
scene. Before their arrival, the pas-
sengers and part of the Ryndam's
crew had been transferred to the
Conso. The fog cleared about 11
o'clock and the sailors assisted in re-
transferring the passengers to the
South Carolina.

OUR LAWMAKERS WAX INDIGNANT.

(BY A. P. DAY WIRE)
SAN FRANCISCO, May 26.—Mem-
bers of the Congressional party who
returned yesterday from their trip to
Hawaii, expressed indignation when
they learned today of the reported
damage to the American steamer
Nebraska.
"If any foreign nation has torped-
doed an American vessel, knowing it
to be such, it amounts to a declara-
tion of war," said United States Sen-
ator Ollie A. James of Kentucky, "an
act of war on their part. However,
in this case, we should withhold judg-
ment until all the facts are defini-
tely known. If a German submarine
torpedoed the Nebraska, it should
most decidedly act at once and
hold Germany to that strict
accountability. President Wil-
son has determined shall be main-
tained in his note to Germany. How-
ever, President Wilson is at the helm,
and he will know the right course to
pursue."

ANTHONY'S VIEW.
Representative D. R. Anthony of
Kansas said that if it were true that
a German submarine had torpedoed
the Nebraska, "then there is only one
thing short of a declaration of war
that can be done—seize every Ger-
man ship in port or held in Ameri-
can ports and hold them until suit-
able reparations have been made by
the German government."

SENATOR WARREN'S IDEA.
Senator Francis E. Warren of
Wyoming said:
"Germany has laid herself liable to
the worst that can happen if a Ger-
man submarine torpedoed the Ne-
braska. Only the United States can
follow from the United States if
the situation is as reported."
The government, however, has
made no commitment this act with
malice aforethought. If they did it
would be a declaration of war, and
the United States can do."

SUGGESTS EXTRA SESSION.
The torpedoing of the Nebraska
may mean calling an extra session of
Congress," said United States Sen-
ator Lee S. Overman of North Carolina.
"It undoubtedly is the worst com-
plexion to the German situation."

FROM MR. CANNON.
Mr. Cannon said:
"In the present situation the Presi-
dent has complete power and respon-
sibility. When we cross the boundary
of the United States partisanship
ceases."
"As an American citizen I hope
the President will act with wisdom
and courage and patriotism. As a
member of Congress I do not
care to say anything that might em-
barass the President."

LAWYER ELUDES TWO KIDNAPERS.

(BY A. P. NIGHT WIRE)
STOCKTON, May 26.—P. W. Hen-
derson, City Attorney of Merced, made
a sensational escape from two alleged
kidnapers here today, according to
the story told by Henderson to the
Chief of Police, shortly after an auto-
mobile ride, which he said he
forced to take from near Merced to
Stockton, terminated when the ma-
chine collided with an iron electric
light tower in the center of the city.
The automobile was wrecked and the
two alleged kidnapers made their
escape, leaving their hats behind.
Posses of officers immediately began
a search north of Stockton, the di-
rection said to have been taken by
the fugitives, but late today no ar-
rests had been made.
Henderson told the police that he
was accosted while driving in a buggy
toward his home near Merced by
three men, who commanded him after
exhibiting revolvers to enter the au-
tomobile. One of the men, he said,
then drove off with his horse and
buggy, the other two handcuffing him
to the automobile.
Before starting the drive to Stock-
ton, Henderson said, the men forced
him to write a note to his wife saying
he had been called out of town.
Henderson asserted that the men
were supplied with sacks, saws and
other implements, and that he be-
lieved the intention of his captors was
to kill and dismember him, place his
body in the sacks and drop it into
some river.
One of the men, he said, was R. A.
Kirkman of Los Angeles and formerly
of Fresno. Henderson told the police
that he believed revenge to be the mo-
tive for his kidnaping. Kirkman,
he said, tried to lead him to Ar-
izona a year ago by means of de-
coy letters. Henderson said he had
had differences with Kirkman during
a blackmail trial several years ago in
Merced in which Henderson was at-
torney for the plaintiff.
Henderson left for Merced late today
uninjured.

FRENCH WIN BATTLE IN AIR.

(BY ATLANTIC CABLE AND A. P.)
PARIS, May 26.—A German aero-
plane was brought down today at
Braine. The pilot of the French plane
which defeated the German air-
craft was awarded the military medal
for his achievement and the officer
observer was promoted.

PASSENGERS ROB JITNEY DRIVER.

MAKE SHORT WORK OF HOLD-UP
AND TAKE HIS MONEY
AND WATCH.

Making quick work of their job,
two robbers who had embarked in
Frank Edwards's jitney bus on Mo-
neta avenue late last night held him
up, took his day's cash receipts, \$5,
and his watch, and made him drive
on.

They flagged the bus a little beyond
Thirty-ninth street and Moneta ave-
nue, and boarded the car. The robbery
was over before Thirty-ninth street
was reached. Each robber held a
revolver. Edwards, who lives at No.
285 South Hoover street, reported his
misfortune to the University Police
Station.

SAVED FROM DEATH.

Holland-American Liner Ryndam
Collides with Tramp Steamer off
Nantucket Shoals and "Help"
Signal is Picked up by Fleet
Maneuvering in the Vicinity.

(BY A. P. NIGHT WIRE)
NEW YORK, May 26.—Seventy-
seven passengers saved from possible
death when the Holland-American
liner Ryndam collided early today with
the tramp steamer Joseph J. Conso of
Nantucket Shoals lightship, were
brought safely to port tonight by the
battleship South Carolina, which par-
ticipated in the rescue.

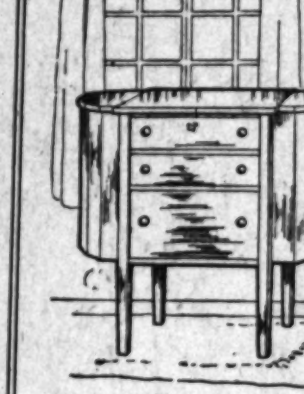

The Ryndam, conveyed to Ambrose
lightship by the battleship Texas,
reached the harbor before her pas-
sengers arrived and anchored down
the bay. She was drawing thirty-six
feet of water and much of her cargo,
containing foodstuffs for Holland,
valued at \$1,000,000, was destroyed. A
hole in her side below the water line
about the width of a plate, was stopped
with canvas. The Conso, damaged,
was proceeding under her own steam
to the port.

The steamer Thomas J. Millard,
carrying friends and relatives of pas-
sengers and officers of the Holland-
America line were down the bay to
meet the South Carolina to take on
board the rescued passengers.
The Ryndam left here for Rotter-
dam yesterday with fifty-four cabin
and twenty-three third-class pas-
sengers. The crew numbered about
150. The Conso left Boston last night
for Harpoon, Cuba. Shortly before
6 o'clock this morning, in a heavy fog,
both steamers rammed each other.
The wireless operator of the Conso
sent out a "help" signal which was
picked up by several of the Atlantic
fleet battleships in the vicinity, hav-
ing just completed their war maneu-
vers.

The battleships Louisiana, South
Carolina and Texas rushed to the
scene. Before their arrival, the pas-
sengers and part of the Ryndam's
crew had been transferred to the
Conso. The fog cleared about 11
o'clock and the sailors assisted in re-
transferring the passengers to the
South Carolina.

Most of the passengers of the Ryndam
were foreigners returning home.
The Ryndam after passing quaran-
tine anchored and will await high
water tomorrow morning before pro-
ceeding to her Hoboken dock.

WATCHFUL EYE

ON CROSSINGS.

Drivers Who Fail to Heed

Can't Get Damages.

Medical Men Divided Over

Dental Surgery.

Aged Man and His Revolver

Deemed Dangerous.

[LOCAL CORRESPONDENCE.]

SANTA ANA, May 26.—On the

theory that a man who drives his au-

tomobile onto a railway track is

guilty of contributory negligence,

Judge Curtis today granted a motion

for nolle prosequi in a \$55,000 damage

suit brought against the Pacific Electric

by the heirs of J. M. Cain.

Mr. Cain, a real estate dealer and

member of the Santa Ana board of

Education, and two others, were

killed in April, 1913, when Mr. Cain's

automobile was struck by a Pacific

Electric car at the McFadden street

crossing.

In granting the nolle prosequi Judge

Curtis said that while the evidence

showed conclusively that the electric

car was traveling at an excessive

rate of speed and that the crossing

was in a bad, dangerous condition,

it also showed that Mr. Cain had

plenty of opportunity to observe the

car coming.

Between the tracks and the point

where the car had struck the trolley

car was a distance of forty-seven feet.

According to the testimony, Mr. Cain

was going either ten or fifteen miles

an hour and could have stopped within

ten or twelve feet from the point where

he might have set his brakes.

In the first trial of the case, in

June, 1914, a jury gave Mrs. Cain and

her children judgment for \$10,000. A

new trial was granted, with the re-

sult that the action was brought to

an end.

TOOTHACHE TOPIC.

On the ground that in California a

licensed physician can practice dent-

istry, the state board of health today

declared that a dentist is not a physi-

cian and that a physician is not a den-

tist.

The board of health today declared

that a dentist is not a physician and

that a physician is not a dentist.

The board of health today declared

that a dentist is not a physician and

that a physician is not a dentist.

NOT BEST TO DEMAND RIGHTS.

Giving of Justice Highest Aim, Baptists Say.

Resolution Praises National Peace Policies.

Closing Events at the Big Church Conference.

Taking the view that "it is better for a nation to give justice than to demand rights," the Northern Baptists adopted a resolution at the close of their convention yesterday favoring world peace and commending President Wilson for his peace policies. Following is the resolution:

Believing that the churches of Christ should be the foremost advocates and promoters of world peace, we declare our conviction that all issues arising between nations should be settled by arbitration, and that the ideal goal of a world peace federation is both possible and practicable. The European war has only emphasized the necessity of educating our people concerning the evils of militarism, the delusion of armaments as a protection against war, the Christian attitude toward war and peace, and the policy of universal arbitration as the only hope of lasting peace and an advancing civilization.

Christianity should also demonstrate the truth that in her vast reformatory tasks, peace has her challenges to moral and spiritual heroes perhaps less renowned but far nobler than war. We urge pastors and churches diligently and persistently to set about this essential work of educating the people of the world, of dedicating the false ideas of military glory and of the necessity of armaments, and of supplanting them with the teachings of Jesus Christ, learning from Him that it is better to give than to receive, and that true honor is to be found only in righteousness.

PRESIDENTS PLAN INDORSED.

We heartily indorse the stand taken by the President of the United States for neutrality, and his counsel to the people to hold their opinions and passions in control, in order that our country may exert a powerful influence for good when the time comes to offer its helpful services to the warring nations. We believe this to be consonant with the utterance of the strongest possible protest, in the name of God and human kind, against all methods of warfare which are in violation of international law and of the higher law of humanity. We therefore approve the action of the President in voicing the protest of the nation, and in maintaining the rights of neutrals and in establishing standards of international law as against a reversal to savagery.

We are profoundly grateful to God that in this critical period our nation has at its head a lover of peace with justice and righteousness, and we earnestly hope and will continually pray that his efforts to maintain peaceful relations with all other nations may be successful; and we pledge him our sympathy and support in the discharge of his arduous duties.

LOVE AFFAIR IN TRADE CONTEST.

SMALLEST ASPIRANT HAS BEAT WHO FLOURS IN FLOOD OF CREDITS.

Here is a bit of inside information for the contestants only! We have a budding romance in our midst—in fact, it has passed the budding stage and is in full flower—a really, truly love affair, directly traceable to the Prosperity and Trade Contest, where the man and the maid first met.

It was a case of love at first sight and this is the way it all happened. Miss Jacqueline Barton, our youngest and loveliest, brought in an unusually large bundle of credits one day, and while the credits were being counted, Norman Dwight Hales happened in. He has been started in a contest business of his own. He forget all about it, however, as soon as he saw Miss Jacqueline and right there and then the romance started.

Jacqueline must have told Norman, on the quiet, that she was saving credits, for from that very day, the

Jacqueline Barton, youngest of all in the Prosperity and Trade Contest.

Norman Dwight Hales bringing in a credit slip from the Citizens Trust and Savings Bank for his little sweetheart, Jacqueline Barton.

young man began to gather "credits for Jackie," most assiduously. To be sure he is over-zealous at times and turns in soap wrappers, tooth powder boxes and many other things that are of no value to Jacqueline. But it all goes to prove his deep and abiding affection for the cunning little contestant.

It does bring in a great many valuable credits, principally from Walter E. Smith, groceries, the Ballroom Dye Works, the Roma Cafe, and the Sometimes he turns in credits from out-of-town merchants and the last lot contained slips from the co-operating merchants of Riverside, G. C. McCarty, drugs; Hackstrand and Grout, dry goods; Pequegnat Jewelry Company and Kennedy's grocery.

As the affair stands at present, there can be no doubt that, if Jacqueline wins the Fairer car, "Norie," as Jacqueline calls him, will have many an automobile ride this summer.

BUILDERS BEHIND THIS CANDIDATE.

RE-ELECTION OF BEAN TO THE SCHOOL BOARD URGED IN OPEN LETTER.

The following open letter, advocating the re-election of John H. Bean to the Board of Education, was mailed yesterday:

To the Citizens of Los Angeles:

In view of his superior qualifications and in recognition of his invaluable services on the present Board of Education as chairman of the Building Committee and in other capacities, we, the undersigned, architects, engineers, builders and contractors of this city, desire to indorse the candidacy of John H. Bean for re-election to the Board of Education and earnestly request our friends and voters to support him at the coming municipal election.

In June, 1914, the citizens of this city voted bonds in the sum of \$4,600,000 for the erection of new school buildings, which were badly needed by the school department. At the time the bonds were voted there was no market for the securities on account of unsettled financial conditions and the building projects were delayed for a number of months. Mr. Bean was personally responsible for the devising of ways and means whereby the bonds could be marketed through the contractors, and at the present time construction work is being started on a number of buildings prepared for new school buildings, a cost of \$3,900,000. On account of prevailing conditions, these buildings are being erected at a saving of from 10 to 20 per cent of the cost would have been had the Board of Education waited for the return of normal conditions before marketing the bonds and proceeding with the construction work.

On account of his knowledge of building construction this entire work has been done under the personal supervision of Mr. Bean and it is through his efforts that this material saving to the taxpayers has been effected. The building industry of Los Angeles is recognized as its greatest asset and the estimated value of approximately \$4,000,000 of construction work will materially benefit conditions in this city, and then \$1,000,000 of this work has actually been commenced. Plans are under way for the remainder of the work and construction will be started shortly.

We particularly urge the election of Mr. Bean in order that the taxpayers may benefit from his continued supervision of these projects to their consummation.

REHEARSAL FOR GREAT PAGEANT.

THE CHILDREN OF A HUNDRED SCHOOLS TAKE PART IN "MARCH OF EMPIRE."

Children of nearly 100 schools took part yesterday in the first rehearsal of the big pageant, "The March of Empire," at the Hooper-avenue stadium. For some months the different schools have been busy with plans for the big event. Homer Martin, of the Imperial, was the director of the rehearsal, assisted by George T. Winterburn of the Polytechnic High School, and Roger Stierrett, principal of the Los Angeles High School.

The big spectacle will be introduced by a street parade at 10 o'clock next Thursday afternoon, in which more than seventy schools will take part in depicting "Southern California, the Home of Youth." Each of the following three afternoons the mighty living panorama of history's most striking epochs will be given at the stadium, beginning at 2 o'clock.

Opening with the presentation of the races of the Orient, the cherry blossoms, the Greeks and Romans, with their festivals, games and conquests, and the period before western Europe was born, with its Celtic, Druid priests and Vikings. The age of chivalry is shown, with the knights jousting for milady fair; the church, the crusades, and their somber following, and then Spain, with the immortal Columbus setting out for the New World.

The march of the empire is pictured there in detail in the history of the discovery of America. The trail across the continent is shown, with the knights jousting for milady fair; the church, the crusades, and their somber following, and then Spain, with the immortal Columbus setting out for the New World.

A gala day will be Saturday, June 5. In the morning the schools of the county will visualize the floral beauty of California and its buxant youth in a parade. In the afternoon will be the last performance of the pageant, the evening the excitingly beautiful electrical pageant, "A Feast of Flowers," will be given. All of the parade will be given at the stadium on Hill street, between Eleventh and Twelfth streets.

DANCE TO AID FUNDS.

Maternity Cottage Sewing Club Needs Money to Carry on Work Among Needy.

The Maternity Cottage Sewing Club is giving a card party and dance for the benefit of the cottage, which is much in need of financial aid. The day and night nursery established to care for the babies of poor mothers who are obliged to work is a very friendly term with an attorney for the defense. In fact, he said, the attorney represented himself as an attachment proceeding just a few days ago.

William Springer was dismissed for cause when he stated he had been "stung" by a corporation who sold him some bad mining stock through the mails. He had half experience might influence him in this case.

As a result of the judge's ruling the remaining four jurors who had been accepted and sworn were automatically returned to the position subject to challenge for cause. While the attorneys for the government were given back the one peremptory challenge which was used by them Tuesday, the decision of Judge Bledsoe considered most important victory by the defense.

Privileged to question the fitness of the former "permanent" jurors for both sides, who had learned some things about them over night, directed their broadsides at two of them and succeeded in having them dismissed. William W. Shrader was discharged because he admitted he is on very friendly terms with an attorney for the defense. In fact, he said, the attorney represented himself as an attachment proceeding just a few days ago.

In fact, he said, the attorney represented himself as an attachment proceeding just a few days ago.

LAGGING LEGS DELAY TRIAL.

Accepted Juror Can't Walk and is Excused.

So All Others in Box are Open to Challenge.

Progress in the Investment Fraud Case Slow.

If the United States government had provided an automobile for the transportation of jurors in the case of the eleven former officers and employees of the Los Angeles Investment Company, who are on trial before Judge Bledsoe on a charge of using the mails to defraud, Elisha K. Green would be still among those who are to decide the fate of the defendants and the hearing of witnesses for the court for the jurors. Mr. Green, who is an old man and quite infirm, told the bailiff he was positive he could not stand the long walk twice daily throughout the trial, and when this was explained to Judge Bledsoe the latter announced that the juror's complaint would be given full consideration.

After making the round trip afoot from the Federal Building to the Hotel Trenton, the quarters chosen by the court for the jurors, Mr. Green, who is an old man and quite infirm, told the bailiff he was positive he could not stand the long walk twice daily throughout the trial, and when this was explained to Judge Bledsoe the latter announced that the juror's complaint would be given full consideration.

Later in the day the judge decided to excuse Mr. Green. Mr. Green was to be dismissed because he admitted he is on very friendly terms with an attorney for the defense. In fact, he said, the attorney represented himself as an attachment proceeding just a few days ago.

MARSHUTZ OPTICAL CO.

227 W. 7th St. Los Angeles

They are John B. Cooke of No. 1017 Browning boulevard and Frederick Grundy of Alhambra. Even they are subject to peremptory challenge, and whether they will continue on the jury will be decided this morning.

In addition, five more were accepted subject to peremptory challenge. They are William Fowler, Gen. E. C. Bellows, former American Consul-General to Japan; George Wehrly, A. W. Harter and William Hughes.

CALL SPECIAL VENIRE.

The regular panel of vestmentmen was exhausted late in the afternoon and the special venire of fifty was called. Many of them were excused for various reasons, and the names of the others were dumped into the jury box.

Joe Simons, who spends most of his time running a brick yard or running for office, and who declared under oath yesterday he was subjected to severe grilling. Mr. Simons said, "and decided a long time ago that if what people told me is true the directors of the company had no legal right to do what they did. Of course, I am not an attorney, but I have sided up this situation from the viewpoint of a fence-corner lawyer."

"What you think of the legal phase of the case is not material," Judge Bledsoe interposed. "The court is not the jury as to the law and will do so."

Referring to Mr. McCarthy, Mr. Simons said: "He told me his troubles and related a story of a trade in which he got stuck. He said he got the worst of it and was about 'broke.'"

RUNS THE GAUNTLET.

Mr. Simons said that on another occasion he had advised an acquaintance not to invest in the stock of the investment company upon the ground that too much was being offered for the price asked. He also admitted he had been deceived extensively with the defendants in a business war. Several times during the questioning of the prospective juror Attorney Lawler requested the judge to dismiss him, but Mr. Simons invariably declined that, notwithstanding all of his conversations with enemies of the defendants and his business dealings with them, he was prepared to give them a fair trial, and the challenges were denied.

REQUEST GRANTED.

Judge Bledsoe took the matter under advisement and finally granted the request, it being the second time in the history of criminal jurisprudence in this state that the question ever arose. "It is my desire to see all of my rulings in this case with manifest fairness to both sides, and I have decided that, in justice to the defense and the prosecution, I should grant this request," the judge said.

A gala day will be Saturday, June 5. In the morning the schools of the county will visualize the floral beauty of California and its buxant youth in a parade. In the afternoon will be the last performance of the pageant, the evening the excitingly beautiful electrical pageant, "A Feast of Flowers," will be given. All of the parade will be given at the stadium on Hill street, between Eleventh and Twelfth streets.

Established 1889 Assets Over \$3,700,000

Important

Our records prove that we have never failed to meet all demands promptly when due during more than 25 years of varied financial conditions.

This fact is of extreme importance to prospective investors, for it is by past actions that you can best determine what to expect in the future.

It means that the 6 per cent interest earned by an investment in our \$100 Certificates will be paid promptly when due.

It assures you that your money will be perfectly safe if invested in these Certificates, and may be withdrawn at any time after the first year with 6 per cent interest. Call or write.

Keep Things Bright with JOHNSON'S PREPARED WAX

Every family has dozens of uses for Johnson's Prepared Wax. It is just as necessary around the house as soap—use it for cleaning and polishing.

Furniture, Woodwork and Floors—in Your Home
Body, Hood and Fenders of Automobiles—in Your Garage
Decks, Dining Cases, Cabinets, etc.—in Your Office

Johnson's Prepared Wax imparts a velvety, protecting finish of great beauty and durability. It gives perfect results over any old finish—varnish, shellac, etc. Clean and easy to use. You will find it splendid as a polish for

Pianos, Furniture, Automobiles, Floors, Linoleum, Woodwork

Every housewife who takes pride in keeping her home sanitary and in a high state of repair needs Johnson's Prepared Wax—it cleans, polishes and finishes in one operation. It gives a hard, dry surface as smooth as glass—it protects the varnish and adds years to its life.

JOHNSON'S WOOD DYE

has no equal for finishing new furniture, woodwork and floors and for refinishing old work of this character—for staining basketry—for the artistic coloring of all wood. Made in seventeen shades including Mahogany, Mission, Rusty English, etc. Ask your dealer to show you the Free Instruction Book.

Let Us Demonstrate

in your own home just what Johnson's Prepared Wax will do. Our canvasser will call upon you for this purpose—please give them a hearing. Johnson's Prepared Wax is for sale by leading hardware, drug, paint, grocery and accessory dealers.

Mr. Gordon says:

San Francisco weather is like a lot of other uncommon things. You don't like it until you know it.

Delightful days there at the Exposition now. Days that are neither too warm nor too cold—except when the fog and mist comes in twice daily with the trade winds. Then it's Cool.

Likely as not you'll call it "between seasons" weather. And it needs "between seasons" clothes.

You'll find them here—in medium-weight, soft-surfaced Worsted in a wide range of patterns and colors.

Just right for San Francisco from now to October and right here much of the year. Domestic suitings \$40 and \$45. Imported fabrics, \$50 to \$60.

And "Gordan-Made" on your clothes Means Something.

Benhard Gordon

Tailor and Draper (Since 1886)

THURSDAY MORNING

WORKS BOOSTS FOR WHIFFEN.

Color Says Sebastian is Already Finedicated.

Storm the Alexandria for Candidate.

Sebastian for Honors Continues at Hotel Today.

Sebastian has been vindicated, said United States Senator, in a large audience of women, who gave a reception to F. J. Whiffen, Alexandria yesterday afternoon.

Senator Sebastian said that he had been dragged into this campaign because of a "newspaper fight" upon Whiffen, and because he wanted a good word in behalf of that newspaper candidate.

Sebastian said he was in a spectacle of the newspaper trying to elect a candidate for Alexandria, and he said, "I may say that his name is Whiffen, and I assume he is innocent of the charge, but the ballot is used in vindication of any man to vindicate his character, and has been followed, then, demonstrating a failure."

Sebastian was really the most successful affair given during the campaign in the interest of Mr. Whiffen's candidacy. The ballroom of the Hotel Trenton was crowded with guests, and considerable enthusiasm was shown.

On the same place, beginning at 2 o'clock, the Alexandria Citizens' Club will endorse Whiffen, and the Alexandria Citizens' Club will endorse Whiffen, and the Alexandria Citizens' Club will endorse Whiffen.

Practical Help for the City's Poor.

A bit of the Brownson House work. At the Jackson-street settlement, for the support of which a campaign for funds is now being conducted by club and society women of the city. Here Miss Catherine Dowling is showing Frank Aviani how to make his own shoes.

To Little Ones. STIR PUBLIC TO ITS PLAIN DUTY.

VIGOROUS CAMPAIGN ON FOR BROWNSON HOUSE.

One Thousand Dollars Realized in First Three Days, but More than Three Thousand Remain to Get in the Next Week—Worthy Object of Philanthropy.

With a total of \$1000 realized in the first three days of its campaign for funds wherewith to defray the expenses of Brownson House for the next year, the philanthropic and hard-working women who are conducting the appeal to the public face the necessity of raising over \$1000 more in the next week if the object of the campaign is to be realized.

Brownson House Settlement Association, No. 711 Jackson street, is one of the old-established settlement houses of the city. It has the indorsement of the Municipal Charities Commission, and Bishop County, and has made a record for its thorough, comprehensive work among the unfortunate of the city.

Although occupying rather cramped quarters, its field of work is large. Every hour of every day is utilized at Brownson House and every inch of ground from the sidewalk to the back fence does its share of the work.

Even the mother with the tiny baby in her arms depends upon Brownson House to teach her to care for her treasure. There are classes for all from the kindergarten up to the parents, not the least important of which are the boys' night classes and the young ladies' social club, which have saved many from disaster.

One of the noblest works of the settlement has been done by Dr. John Carling, assisted by Dr. Elizabeth Sapiro, who have performed miracles with the little cripples and deformed of Brownson House. This is the work which the women of Brownson House are asking to be allowed to continue.

This is the work for which they must raise \$4000 by June 1. Help the babies, help the children, help the society by sending in good fat checks to the Brownson House campaign headquarters at 203 Auditorium building, telephone F5266, and receive the gratitude of the sixty prominent club and society women who give their services to the work the year around.

Each day of the campaign has its captain who is assisted by a com-

mittee of workers. About 2000 letters have been mailed from headquarters, and each letter is followed by telephone, and when necessary, a personal call.

Response to Brownson House appeals have been both prompt and generous so far, and the campaign workers feel very optimistic of the outcome.

The committee in charge of today's campaign is composed of Mrs. Arnold Burkheim, captain; Mrs. A. M. Barum, Miss J. J. Bergin, Mrs. A. McNally and Mrs. M. A. C. Griffith.

MORE TRAINS TO BRING TOURISTS.

FLOOD TIDE OF TRAVEL TOWARD EXPOSITIONS FROM EAST IS RISING FAST.

With west-bound travel rapidly rising to flood tide, new limited trains will be put in service the coming week by the Southern Pacific and the Salt Lake between the Pacific Coast and Chicago and St. Louis.

Connecting with the Owl, Lark and Seashore Limited trains in either direction for Los Angeles, the Southern Pacific, Union Pacific, Burlington and Wabash will put on two new trains June 1. Both trains will be sold Pullman and will carry observation sleepers. The east-bound train will leave San Francisco at 10:30 a.m. daily; the west-bound train is due at 10:15 a.m.

Equally high-class will be the new Colorado-California and Burlington limited trains, to be handled over the Salt Lake, Union Pacific and Burlington. The Colorado-California limited train will be due here daily, effective Sunday, from Chicago at 2:30 p.m.; the Burlington limited will depart daily from Chicago at 9 a.m.

TWO GOVERNORS COMING.

Chief Executive of Rhode Island Here Sunday. Closely Followed by Whitman of New York.

Gov. R. L. Beaman of Rhode Island will arrive here at 7:10 p.m. Sunday, in his private car Boston on his way to San Diego, according to advice received yesterday by the Santa Fe. He is scheduled to leave at midnight for the southern exposition city.

Gov. Whitman of New York and staff, traveling by special train, will pass through here in the early morning of June 12 on their way to San Diego. The party will return here the following day at 8 a.m., and will depart at 5 p.m. for San Francisco.

EXPERIENCE THE BEST TEACHER

Experience has taught thousands of people the value of a savings account when needed.

Experience has taught over 90,000 depositors the value of the service the Security Trust & Savings Bank renders in helping people to save.

Experience—over 26 years of it under the same management—has taught this bank how best to serve the people who honor it with their confidence.

Profit by all of this experience, and start that Security Savings Account at Branch or Main Office immediately.

Small accounts welcomed. Experience has taught that they grow.

LAYS DOWN RULES FOR DRUGS' USE.

FEDERAL OFFICIAL EXPLAINS HOW PHYSICIANS MAY EMPLOY THEM.

Collector Carter received yesterday a communication from Internal Revenue Commissioner Osborn, telling how opiates may be administered by a physician in his private practice.

The Commissioner says that while the law does not state the quantity of any narcotic drug that may be so dispensed or prescribed, at one time, it does provide that it shall be unlawful to obtain by means of order forms any of the prohibited drugs for any purpose other than the use, sale or distribution thereof, in the conduct of a lawful business in such drugs or in legitimate medical practice.

Further, that all preparations containing narcotic drugs coming within the scope of the act are distributed or possessed as medicine, and not to evade the law, and it is further provided that it shall be unlawful for any person not registered to have in his possession or under his control any of the drugs, preparations or remedies which have not in good faith been prescribed by a physician, dentist or veterinary surgeon, registered under the act.

Therefore, whenever a drug is prescribed in a quantity more than is apparently necessary for immediate need in an ordinary case, or where it is for the treatment of an addict to effect a cure, or for a patient suffering from an incurable disease, such as consumption, while, on the other hand, in case of chronic or incurable diseases, such prescriptions may show an ascending dosage.

Registered dealers filling these prescriptions should assure themselves the drugs are prescribed in good faith, and if there is reason to suspect evasion of the law, the dealer should refuse to sell the drugs.

A warning has also been sent out that some physicians have their registration numbers printed on prescription blanks. This is not desirable in the opinion of Collector Carter, for there is nothing to prevent anybody from stealing the blanks and forging the name of the physician. It is thought physicians should keep their registration numbers secret, filling them in only when necessary.

Commissioner Osborn also says the treatment of an addict must be under the personal supervision of a registered physician, who must keep a record of the name and the address of the patient, the kind and quantity of the narcotic drug or preparation dispensed and the date.

This is taken to mean that anyone treating drug addicts at long range can do so only on the order of a registered physician, who must have made an actual diagnosis of the patient's condition.

CAR NUMBERS WRONG.

Department Store Manager Fined as Result: His Son Pays the Penalty for Speeding.

When C. F. Emerson, manager of a downtown department store, admitted in Police Court yesterday he had given a false name when arrested by Motorcycle Officers Finn and Owens, he was fined \$20 by Police Judge White for carrying irregular numbers. Emerson and his son, Jack Emerson, were arrested on Washington boulevard for speeding. The son was driving. Emerson is charged with having given his name as Anderson. Through the numbers on the car, the identity of Emerson and his son was learned. The son was fined \$15 for speeding.

Notice to Charge Patrons

Goods purchased today, or any day remaining this week, will be charged on bill rendered July 1.

Smart Coats for All Occasions

Coats for Traveling, Coats for Motoring, Sport Coats and Dressy Coats

The coming holiday, next Monday, suggests the desirability of new coats for the day's outings. Particular mention is made of the

New Palm Beach Coats \$12.50

Full length model, belted in back. Fall full from the shoulders. Buttons up high around neck if desired. Made from natural colored Palm Beach cloth—the new mohair fabric—especially desirable for traveling coats, as it sheds the dust.

Nobby Golfing Coats \$12.50, \$15, \$19.50, \$22.50

The color assortment includes: Sand, coral, emerald, olive, Belgian blue, Exposition gold, all white, also white with colored hairline stripe.

Black Faille Silk Coats \$25

A new model, cut to give the appearance of semi-fitting. Trimmed with self straps at side. Lined with gray messaline. Sizes 18 to 42.

White Bedford Cord Coats \$25

Copy of a Parisian model by Jenny. For dressy or street wear. Piped with black; adorned with black ball buttons. Sash of self material.

Modish Coats in Shantung, or Cloth of Gold

Very smart for afternoon wear. Lined with wide striped black and white messaline, or in plain color to match. 3/4 length with flare from the waist line. Black or old blue inlaid collars. Prices \$37.50 and \$45.00.

Girls' Wash Dresses, Ages 6 to 14

Reduced for Special Sale

Up-to-date models in children's dresses specially priced. An ideal time for selecting girls' school or play dresses, if you are interested in saving on the children's summer wardrobe.

Wash Dresses, Sale Price \$1.00

Regular Prices \$1.25 and \$1.50

Made from plaid gingham, figured crepe, white linen, in bolero, middy and high waisted styles. Some have collars and trimming of white pique; others bands or pipings in contrasting color.

Wash Dresses, Sale Price \$1.75

Regular Prices \$2.25 to \$2.75

Striped or plain, 95c to \$2.50.

Auto Caps and Bonnets

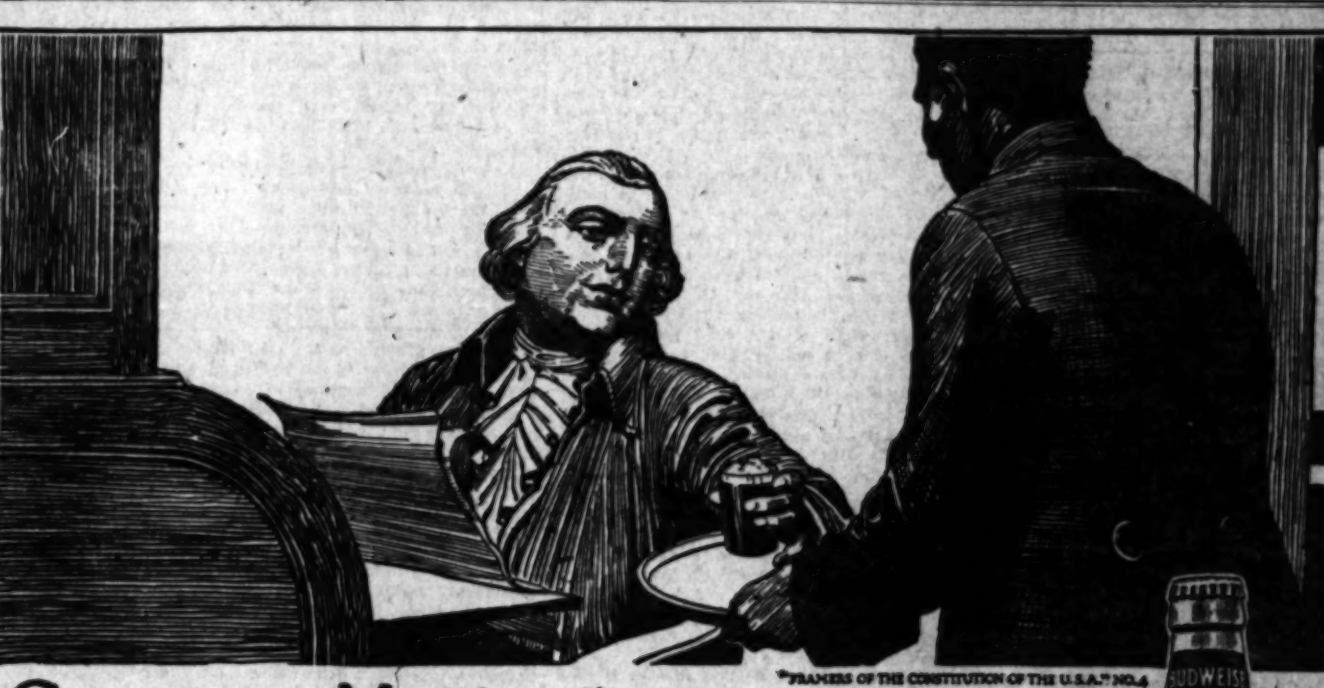

\$1.25, \$2.00, \$4.50 and up.

Panama Hats \$2.75

Tastefully trimmed.

Silk Hats \$4.75

In taffeta silk and Faille Francaise. Assorted colors. Extra values.

Gouveneur Morris—"Father of the Penny"

AMONG all the framers of the Constitution of the United States none were more adept at constructive statesmanship than the "father of the American decimal system" and originator of the copper cent. The finish, style and arrangement of the Constitution fairly belong to the brilliant and eloquent Morris. From his youth to the hour of his death he was a devoted and dauntless worker for American progress. His unrivaled ability as an orator was known throughout Europe, and his funeral orations on Washington, Clinton and Hamilton are treasured American classics. Gouveneur Morris was an indomitable supporter of the Louisiana Purchase. He it was who rescued Lafayette from prison walls and aided him from his private purse. Personally he was very handsome, his nature was impulsive, but his heart was warm and generous. He loved society, and his hospitality was famous. All his life he drank the creative brews of malt and hops, and who will dare say that it weakened his will power or detracted from his success, his fame, his glory and his might? It was upon the tenets of the Constitution of the U.S.A. that Anheuser-Busch 68 years ago founded their great institution. During these 58 years they have daily brewed from the finest barley and hops beers famous for being alive with natural force and nutriment. Their great brand BUDWEISER, because of its quality, purity, mildness and exquisite flavor, exceeds the sales of any other bottled beer by millions of bottles. BUDWEISER'S popularity grows daily, and 7500 people are daily employed to keep pace with the public demand.

ANHEUSER-BUSCH • ST. LOUIS, U.S.A.

Budweiser

Means Moderation

Pen Points: By the Staff

Not too early to arrange for your summer vacation, that's for remembrance, for memory.

The reception tendered Jim Ham Lane, boom for President is as cold as a dead goose.

Last year the comets had no tail, but the only one located has two, extravagance and superfluity.

Speaking of the wild delirium of the political campaign here in our city, town, who is running, and for what?

When a woman winds a towel around her head and calls for a bucket of water, time for father to take the first car to business.

That ripple on the water is the where the Hon. Bernhard Dernburg is down. And no attempt will be made to raise him.

Dr. Montessori, the famous educator, she can make children adore the multiplication table. Yes, that is what the doctor says.

There are women who will stand on dinner dishes until morning and even evening dishes means to bring down the vessel.

These little tin-pan hats the girls are wearing just now are just too much for the thing. But you can't tell whether they are coming or going.

The sessions of the peace conference are almost as badly crowded as the Wednesday night prayer meeting when church is in town.

All the big cities that have held elections have been carried by the Democrats. The Democrats can't win political prosperity.

The King of Italy has gone to the He is not saying "Go on," but "Come on." And it is the proper thing for a man to kindling business to do.

Winston Spencer Churchill, First of the British Admiralty, will be in front. So far none of his detractors arranged to follow suit.

Salasara, the Italian Minister of War, resigned, but the people demanded that stay on the job. William Jennings Bryan is taking no such chances.

If Premier Aquilino is put in his place for members of his new Cabinet, there will be a lot of water-tossing in Los Angeles out of a job next Wednesday.

The recent engagement of Billy Smith at Paterson, N. J., noted his 25th birthday. The son of Man had no place to lay his head, being without the price.

Things are breaking fairly hot for the English nation—they are to have a reorganization of the Cabinet. We can't have a bit of that sort of thing!

Gov. Whitman of New York is coming to California to plant a few seeds of the Presidential boom. He is the "white light" of the Empire State Republic.

There is a man in this town who says he hopes to live to see the end of the Los Angeles Investment Company investigation. He must expect to be in the Methuene class.

Mrs. Martha J. Cranston, the California suffrage pioneer, says she will vote again, because she is put in all the time fighting each other in politics. She is like the more men!

The nine-foot sheet law enacted by the California Legislature is a good law. It is especially true in case of a tall man with a small man's back.

It is possible that the Italian desire war so much as they think that the chances are they are nearly through washing the dishes, selling bananas, and olives and tending the babies.

The statement that Rumania is entering the fight against the Kaiser is other thing not to get excited about. It is not enough Rumanian is making a left wing of a respectable army.

As we grow older the advice of a doctor never to write a letter and a woman destroy one, appears to be the one that is especially true in case of a woman in head of a breach of promise suit.

Everybody in Washington is wondering either in a political or a social sense been invited to attend the wedding of Miss Genevieve Clark, daughter of Champ Clark, in June, except the Bryans. That establishes the economic law of an opportunity to put away the price of a ticket to the Green, Mo.

Germany overlooked a chance to refuse to negotiate the peace treaty. It is believed that if one of the United States with Germany the peace treaty made for a cessation of the German marine operations which Germany is conducting would be one of the most practical discharges of the duty of the United States and proceed to the many. Louisiana as she pleased.

POPPIES. What golden words shall I say? O harbingers of sunny days, that mingled thoughts can move Your slender awaying stems away.

Mid April rob some miser poor And find his treasure on the floor. Or does some mightier spirit bid A charm that turns to living gold.

Low poor conceit of measureless To praise your beauty, then And sing them forth to live and die And glad west winds have blown VIRGINIA CLEVELAND Riverside, May 25.

Life's Gentler Side Society, Music, Song and the Dance—The Theater

MOVEMENTS IN SOCIETY.

MRS. SYDNEY I. WALKER of No. 1253 West Adams is to preside over a cozy luncheon of eight covers tomorrow—that informal mode of entertaining always preferred by the inner circle of privileged participants these days. The hours following will be spent over auction.

Ever so many of the city's social elite are going down to the dancing party at Santa Monica tomorrow night, at Sunset Inn, for the benefit of the Tennis Club. The Sydney Walker, John Cronin Niven, Harry Turner, Walter R. Leeds, Leo St. Clair Chandler, Miss Katherine Melus, and the Billy Hooks have signified their intention of motoring down.

Among those prominent in the affair are the Bert Orlando Bruce, Morphy, and many leaders in the beach town, who are embracing in their carefully laid plans every minute detail which will add to the enjoyment or artistry of the gala occasion. Bridge devotees are to have a secluded rendezvous apart from the Terpsichorean lovers, and every one anticipates quite an ultra function.

Two delectable and anticipated luncheons are to be included in today's calendar—one at the home of Mrs. Franklin Howard Nichols, No. 2777 Menlo avenue, and the other with Mrs. Henry A. McKee of No. 2526 Portland, homes.

The Dean, Maxons are contributing a handsome dinner compliment to Mrs. Daphne Erskine and Bayne Macneil tonight—something quite unlooked for to be carefully carried out in the plans of Mrs. Maxon—always original, whose enviable reputation as a gracious hostess causes those bidden to await eagerly the disclosure of the secret.

Then, the luncheon to have been given last week by Mrs. J. W. Sumnerfield and postponed on account of her illness, is to furnish delightful diversion to over fifty guests today at the Alexandria.

And tomorrow, Mrs. Homer Laugh. Los Angeles yesterday than that of his, Jr., compliments Miss Gwendolen

Laughlin's house guests with a large luncheon at the California Club. The honoree, Mrs. William David Barnd of Philadelphia, has innumerable friends in the city who are much elated over the opportunity of so charmingly welcoming her back to Los Angeles.

At the Midweek. The Saturday night dinner-dance at the Midweek will be largely attended this week. One party of forty-five is being given, and other smaller dinner parties, besides the usual number who drop in after dinner for the dance.

Domestic at the Beverly Hills Hotel. Michael Hoff, son of the ex-Governor of Texas, is at Beverly Hills Hotel to spend several days. His guest, Miss M. H. Rodgers of Capt. Lucy is prominent in Belgian relief work. Their daughter is attending one of the city's select schools.

The A. J. Tansig of Beverly have been joined by their relatives, Mrs. and Mrs. Benjamin I. Lang and children of St. Louis, who are to spend the summer here.

Mrs. A. E. Bingham and Miss M. Bingham, prominent in Santa Barbara's exclusive social circles, with their guest, Miss M. H. Rodgers of Chicago, are enthusiastic motorists who are touring Southern California.

"Pyramus and Thisbe." Tomorrow evening, in the garden of the Angeles Vista School will be given a delightful presentation of "Pyramus and Thisbe," invitations having been issued to a limited number of guests.

Ninety Years Young. There was no merrier heart in all Los Angeles yesterday than that of Mrs. Evaline Bryson, who at the nine-

tieth milestone of her life was able to receive her many friends at a reception, surrounded by her two sons, I. H. and James Bryson, a daughter, Mrs. Margaret P. Krauss and their families, thirteen grandchildren and several great-grandchildren.

The honoree welcomed the fifteen guests in a white satin gown with brocade trimmings, and in a room banked by bougainvillea and asparagus fern and quantities of fragrant sweet peas. The dining table centered in a gilded mahogany with pink Shirley poppies and mignonette, had long streamers of pink tulle falling gracefully from the flowers while a massive birthday cake illumined with ninety burning tapers held a conspicuous place. Eleanor H. Burns, Miss Rebecca Hutton and Mrs. James Bryson assisted in the dining room. Mrs. Bryson resides with her son and family, the I. H. Bryson, at No. 1237 Mulder avenue, and here the much-employed party was held.

Of Interest Here. Mrs. John T. Henry of Brooklyn, N. Y., has joined Mr. and Mrs. Ralph Roseberry and Mr. and Mrs. John Bacon of Los Angeles at Arrowhead.

Farwell Luncheon. Miss Helen Ward of Des Moines, who has been the guest of Los Angeles, and Pasadena friends for several weeks, left for her home today.

Her California visit on Saturday, was honored at a well-appointed luncheon yesterday, given by Mrs. J. H. Ward, No. 272 Santa Margareta avenue, Pasadena, and attended by Mrs. Jean Laing, Mrs. J. H. Ward, Mrs. Charles Brown and Mrs. Curtis Albino, all of Los Angeles, and Mrs. Clara Campbell, a house guest of the Jungquist from Iowa. Mrs. John Shepherd and Mrs. Marie Sweet Baker are also guests.

Mr. and Mrs. Charles A. Hughes of Oakland are to arrive Saturday for a visit in the George Lawrence home in Hollywood. Mr. Hughes is business manager of an Oakland newspaper.

From Oakland. Mr. and Mrs. Charles A. Hughes of Oakland are to arrive Saturday for a visit in the George Lawrence home in Hollywood. Mr. Hughes is business manager of an Oakland newspaper.

Their Fifth Milestone. Mr. and Mrs. A. W. Severi, who have reached their seventy-second and seventieth milestones, respectively, celebrated their golden wedding anniversary at the home of their daughter, Mrs. C. P. DeLuz, of No. 124 South Griffith, last Monday evening. This estimable couple arrived in Los Angeles twenty-nine years ago, and are growing into the sunshine of life surrounded by roses.

Observed Nuptial Anniversary. Mr. and Mrs. George Merrick Munger celebrated Friday evening with a reception for about 250 at their home, No. 1242 Hollywood boulevard, in celebration of the fiftieth anniversary of their marriage. In the receiving line with the bride and groom were Mrs. Pily Flak Munger of Chicago, the son and wife, Mr. and Mrs. George Merrick Munger, Jr., of San Diego, and the daughter and husband, Mr. and Mrs. Eddy Palmer Riggs. At the last moment word was received that the other daughter and her husband, Commissioner and Mrs. George Black of Pasadena, would be unable to be present. Assisting were Mr. and Mrs. Melville T. Whitaker, Mrs. Whitaker, Josephine Melville, Mr. Horace W. Cochran and Mr. and Mrs. B. F. Nance.

Another Score for Cupid. Mrs. H. Phillips of No. 1242 Ingraham street announces the marriage of her daughter, Redd, to Milton Lester, the happy event having taken place Tuesday evening at the home of the bride, Rev. Dr. Hecht was officiant. The ceremony was marked by its simplicity, with only the immediate family in attendance.

After a month spent in Santa Barbara, Del Monte and San Francisco, Mr. Lester and his wife, who are at home to their friends in Los Angeles, will only the immediate family in attendance.

For a Bride-to-be. A pleasant prenuptial was given by Miss Marie Chotro this week, in compliment to Miss Anna Fannemann of Glendale, whose marriage to Otto George Simon will be celebrated at St. Joseph's parish June 15, at 9 o'clock in the morning. The bride-elect, who is Cecile Brunner, roses and maiden form, and covers for fourteen hours laid at a luncheon which she presided over with a central mound of American Beauty roses.

The bride-elect, who is popular among a large circle of admiring friends in both Glendale and Los Angeles, is to be extended several courtesies prior to her wedding day, among them being a miscellaneous shower, which Miss Marie Regill will give on Wednesday next.

In Green and White. Mrs. William Howe Kennedy, who has contributed some charming events in the past to the social calendar, entertained at an unusually pretty pre-nuptial luncheon yesterday, with covers for fifteen, courtesy she extended to Miss Ada May Forbes, who is to be married June 16. A mound of white sweet peas, carnations and delicate feathery greenery, formed an effective center, resting on a base of maidenhair ferns for the table laid in the handsome lace cloth and perfect appointments. White tapers burned in crystal holders.

The Kennedys are to entertain informally at tea Sunday night, for Mrs. Craig McClure and Miss Fanny McClure, who are to leave shortly for Glen Ridge, N. J., after two years spent in Southern California. Mr. McClure has already gone east.

Miss Fanny has enjoyed a reign socially as a popular debutante during her stay here, taking a prominent part in the recent Fashion Show and other big fashionable affairs, and she will be sadly missed, as will also her mother.

Dr. Maria Montessori will give a course of two lectures at the Otis Street school, from 10 to 11 a.m. on Wednesday at 430 o'clock, and continuing on Wednesday at 430 o'clock, and continuing on Wednesday at 430 o'clock, and continuing on Wednesday at 430 o'clock.

The record will be set at the Otis Street school, from 10 to 11 a.m. on Wednesday at 430 o'clock, and continuing on Wednesday at 430 o'clock, and continuing on Wednesday at 430 o'clock.

Theater Forecast.

"SARI" TO COME TO THE MASON.

Popular Local Favorite to Return to Burbank.

Emma Carus and Dockstader Due at Orpheum.

"Eternal City" for Screen at Majestic.

"Sari" starring Mizzi Hajos, will play at the Mason next week, instead of at the Orpheum, as heretofore announced. The big musical comedy is to open with a special matinee Monday afternoon.

"Sari" has been running during the past two seasons in New York and the East. It is said to be one of the most beautiful productions from a musical standpoint which Henry Savane has ever put on. The piece is also staged in spectacular fashion.

Besides Mizzi Hajos, the company includes such well-known people as Charles Mackina, Bert Gilbert, J. K. Murray, Gretchen Hood and many others.

"Rosemary," with John Drew, comes to the Mason during the week of June 7.

Burbank. Marjorie Rameau, in "Merely Mary Ann," will open her engagement with the Burbank next Sunday afternoon. This drama is Miss Rameau's greatest success, in which she appeared in the East for several seasons.

Among those who will appear in "Merely Mary Ann" are Ida St. Leon, Stanley, Walter Catlett, Louis Bennett, Edward Lowe, Lillian Elliott and "The Circus" continues to please big audiences, and will be given its last performance Saturday night.

Orpheum. Six headlines in all in a row are to be offered next week at the Orpheum. This is partly owing to the fact that several of the large eastern vaudeville houses are closed for the summer.

Low Dockstader, king of minstrels, is to appear in "The Heart of a Painter." This is a popular attraction at the Majestic this week.

Miller's. Emily Stas, in "Cora" is proving a big feature at Miller's this week. The story is full of thrilling incidents, and the production is of the highest quality.

"The Godless," the new serial, attracted many persons on the first three days of the week. Beginning tomorrow and ending Sunday, "The Godless" is to be the added attraction.

Wooley. "Each Arden," starring Lillian Gish, the lovely star of "The Clansman," will be seen at the Wooley for the week only, as the serial is to be transferred to the Garick.

Tally's Broadway. Blanche Sweet in "Stolen Goods," an original scenario by Margaret Turnbull, the well-known writer, is to be offered at Tally's Broadway next week.

In a new photodrama, Miss Sweet is said to have a profoundly emotional role as the little Red Cross nurse.

Empire. Next week's Empire bill is headlined by a girl act entitled, "Ned Nestor and His Nine Sweethearts," starring also Belle Dwyer. A second feature is Mrs. Louis James and her

company in the playlet, "Holding a Husband." Other attractions will be Marguerite Farrell, song star, lately with Lillian Russell; Merlin, the talkative trickster; Leonard and Louis in capers, and Vincent and Miller in musical comedy.

Hippodrome. Heading the "Hip" bill for next week is the Howard Fields trio. They will present "The Dining Car Minstrel."

Others will be the Musical Gerald, the Harold Bradbury company, in "Outwitted," the Y-Kidhi trio, Japanese equilibrist, gymnasts and top spinners; "The Man in White," a chap of mysterious identity, and the Flitric who are acting a hit this week.

The seventh act will be announced on Monday.

Regal. "The Land of Bohemia" is the name of the musical comedy being presented by the Regal Theater Company. It is drawing well, and the added numbers in vaudeville and pictures are also proving attractive.

Republic. "The Far North," the dramatic play starring Florence Bell, which is headlining the Republic bill this week, is making a decided hit. It is based on one of Robert W. Service's poems of the Yukon.

The other two headliners, Phoebe, the human mystery, and James P. Lee and company in "Thou Shalt Not Steal," are also creating favorable comment.

"Mission Play." Harry Bell is to join the "Mission Play" company and take the important role of Corp. Hoel. He started rehearsing yesterday. Mr. Bell is better known in New York than here, having played in many of the late Gotham successes.

Mr. Bell happened to be on a pleasure trip to the coast and was induced by his friend, Fred Wilson, to stay and join the "Mission Play" company. Wilson takes the part of Ubaldo in the peasant drama.

Incidentally, George Osborne was the director under whom Mr. Bell played his first part on the stage.

Majestic. A simulation of Hall Calne's story, "The Eternal City," produced in England and Italy by the Famous Players, is to be given at the Majestic this week. The story is full of thrilling incidents, and the production is of the highest quality.

Wooley. "Each Arden," starring Lillian Gish, the lovely star of "The Clansman," will be seen at the Wooley for the week only, as the serial is to be transferred to the Garick.

Doc's Tigers Finally Get Together and Wallop Oaks.

CAK HENLEY BLANKS OAKS.

Skinny Hurler Allows Only
Five Hits.

And What's More, He Gets a
Home Run.

Shot-putter Priett Quite
Wobbly.

(BY HERBERT WISE—SPECIALIST.)
SAN FRANCISCO, May 26.—Warner
seems to agree with Cack
Henley. The ex-Florida pitcher
hasn't been going as well as he
might with the Venice club, pitched
almost without a bobble this afternoon
and straightened the Oaks up
with a 4 to 5 whitewash.

In addition, Clarence straightened
out one of Charlie Priett's spitters
for a home run into the left field
bleacher section. It was a long drive
in any man's territory, and as matters
turned out would have won the
game without extra-help.

WOBBLY.
Priett was not particularly long
on his, but he was wobbly at times
and finally gave way to Martini.
The bespectacled youth who came
from the Portland club survived
tossing and found himself on the out-
side looking in that a pinch hitter
might be used. It was up to Harry
Ables to finish the job, and although
he wavered, as had his predecessors,
he finally managed to escape without
further run gathering.

Priett just did get by in the first.
Carlisle singled, but fortunately for
Oakland, was doubled out together
with Berger, when the latter hit to
the infield. Litchi threw high on
Kane and Bayless strayed to left, but
was forced at second by Priett.

FILLED UP.
There wasn't a suggestion of a run
until the Tigers filled up the bases
with a single and two walks in the
fourth. Two were down when it
happened and Mitter's grounder to
short forced Hilsberg at second.

The flare-up came in the seventh.
Hilsberg singled to left and on a bad
hit of bedtime by Johnston reached
third. A wild pitch, called him,
but Hilsberg put the ball into the ex-
treme end of the left field bleachers
for a home.

SLIPPING.
Priett started the eighth in poor
shape. He hit Kane and Johnny
except to second as Bayless put
the ball against the right field fence.
Priett was bunched and Martini
took charge. Priett followed the
previous charge with a smash into
Johnston's territory for Kane to
come home. Gleichmann bunted,
his sacrifice sending Bayless to short.
Manda, by this time playing short,
made a pretty stop on Hilsberg and
three Bayless out at the plate.

The only waverer by Henley hap-
pened in the seventh. Johnston led
off with a single to left and Kerner
walked. Kahn later led to left and
Priett and Johnston were forced at third.
Gardner was sent in for Ouse, but
the best the pinch hitter could do was
an infield fly that Berger captured,
and Litchi made the last out when
he flied to Carlisle. The score:

JERRY DOWNS
PICKLES PILL.

SCORING TWO RUNNERS AHEAD
OF HIM.
And Thereby Winning a Rather
Easy Game from the Lowly Beau-
tifuls—John Lush is the Goat of the
Affair—All Portland's Buns Hand-
ed Them by Seal Errors.

(BY A. F. NIGHT WIRE.)
PORTLAND (Ore.) May 26.—San
Francisco defeated Portland today,
4 to 3, by bunting hits on Lush.

Dowens drove the ball on the runway
along the right field fence in the
eighth, the ball staying there and
counting a home run. Two men
scored ahead of him.

This broke the existing tie. All
of Portland's buns were gifts through
errors. Score:

JOHN COLLINS'S MIGHTY HEAVE.

Catches Fritz Maisel Near
Home Plate.

Makes Eight Straight for
White Sox.

Jim Scott Does the Honors
for Winners.

(BY A. F. NIGHT WIRE.)
CHICAGO, May 26.—A perfect
throw to the plate by John Collins in
the ninth inning enabled Chicago to
win their eighth straight victory to-
day, when they defeated New York, 7
to 6. Mullen was on third and Maisel
on second, with two out, when Pipp
singled to right. Both attempted to
score, but Collins's perfect throw to
the plate caught Maisel, retiring the
side.

Faber, who had won seven straight
games, retired, and Scott pitched Chi-
cago to victory. The batting of Pipp
and the fielding of J. Collins and
Warner were features. The score:

ABSTEIN IS DUE TO GO.

President Powers yesterday
negotiated the purchase of First
Baseball Realty from the Be-
attle team of the Northwestern
League.

Realty will join the Los An-
geles club in San Francisco
next week, and this event, it
is said, will mark the passing
of Bill Abstein as an Angel.
Harry Harper, the utility out-
fielder, also will be released, it
is announced by Dillon.

Abstein's failure to hit is re-
sponsible for the signing of Be-
atty. Bill has been off his stride
all season. Last season he fin-
ished above the .300 mark, and
ranked third among the clean-
up hitters of the league. At
times his blinders carried the
club along when the others
were in a slump. He has been
landing on the ball hard this
year, but has difficulty in driv-
ing it into safe territory. A re-
lease would be pretty tough on
Abstein, who has a wife and
baby. But a guy takes these
chances when he gets married.

President Powers quietly ac-
quired the fans that he would
give them a winner when he
took over the Los Angeles club.
The signing of Beatty is but
another effort to fulfill this
promise. The newcomer is a
husky youth, 22 years of age,
and with a natural inclination
to hit the ball.

With Peoria last season he
sawed off 154 hits in 131 games
for a percentage of .398, and
he has been clicking the pill
regularly for Seattle. His 1912
record with Peoria shows seven
home runs, twenty-one two-
baser hits, twenty-five two-
baser hits, and twenty-five sacri-
fices. He also swiped forty-five bases
and finished with a fielding av-
erage of .954.

Beatty was recommended to
Powers by Manager Rowland of
the White Sox, who developed
him.

POINT JUDITH
IS A WINNER.
PHILADELPHIA, May 26.—The
Point Judith polo team defeated Bryn
Mawr, 4-1 goals to 4, in the second
game of the Woodstock cup tourna-
ment today at Pala.

(BY A. F. NIGHT WIRE.)
NEW HAVEN (Conn.) May 26.—The
Dartmouth-Yale tennis match was
postponed today on account of rain
and will be played here tomorrow.

TWO DRIVERS BRAVE RAIN.

O'Donnell and Rickenbacher
Speed Up.

Pilots Anxious for a Little
Sunshine.

Ralph De Palma is a Heavy
Favorite.

(BY HERBERT WISE—SPECIALIST.)
INDIANAPOLIS, May 26.—Well
and quickly-developed grouchies have
become the style among the race
drivers gathered here for the annual
100-mile automobile chase to be
staged Saturday, and the pilots are
anxious for sunshine long enough to-
morrow to give them an opportunity
for the final tuning up of their costly
machines. Rain all day today kept
the many fans indoors and the ma-
jority of the race pilots in the garages,
while the track was deserted.

LAST CHANCE.
Tomorrow is the last opportunity
that the drivers of death will have to
test their mounts in shape, and from
the talk going around the garages at
the two-and-one-half-mile oval many
of them read even more time than
the day of sunshine would give them.
The changing of the size of motors
this year has left a major portion of
the entrants unprepared, although
several of the stars, who have been
working since last fall, have their cars
ready for the long, grilling journey.

TWO HEROES.
Late in the afternoon O'Donnell of
the Des Moines team and Ricken-
bacher of the Maxwell wheeled their
mounts onto the track and started
turning around. Despite wet turns,
the boys averaged close to eighty
miles an hour for many laps around
the course.

Even the bookmakers are a little
later than usual, but the track today
brought out one and the excitement
seekers made a rush to look over the
starts, but were disappointed to find
that the owners made it what is
known as a "500" per cent. book.

THE FAVORITE.
In the betting De Palma has been
most favored, with Rasta and Wil-
son second choices. It is more than
probable that De Palma will go to the
post a favorite, as his car is in per-
fect shape and with his ability, it
will be a tough nut to crack. Rasta
and Wilson will in all probability be
played hard, but the majority of the
money bet this year will be placed
on the team entries, providing the
bookmakers decide to gamble and not
grab.

THE OXUM COMES TO
TIGER SCHOOL.
ATHLETIC STUDENTS HELP OUT
STUDENT TREASURY.
Manager Brandt's Tiger Talent
from All Over the World—No-
velty Acts, Stunts and Songs are the
Main Features of the Programme.
Immense Crowd Expected.

The Oxum Road show will open
its one-night engagement at Occi-
dental College tomorrow night.
Translated into everyday English,
this means that there will be a vaude-
ville show at Occidental Friday night.
The proceeds of the affair will be given
to the athletic treasury, which needs
them.

From all indications the show will
be a tremendous success. The best
talent at home and abroad has been
secured and the management feels
justified in assuring its patrons that
the bill is the finest ever presented
on the circuit.

For athletic entertainment there are
three top-notchers. The Refler-
Brandt's Tiger Company appear in a
dazzling exhibition of military strength,
beauty and perfect control. Kirk-
patrick and Miller are to startle the
audience with light-wire comedy
act. And as a special feature the
world's most famous bike rider will
appear on a few laps.

Songs, comedians, dialogues, skits,
etc., will complete the bill. Who
could desire a better layout than that
of Lawrence Adams, world's most fa-
mous bicyclist; Grace Miller and G.
Dunlap, Italian organ grinder; Mc-
Donald, the magician; M. C. Long &
Co., featuring former American cham-
pion club winners; Smith, an English
sport; Tree tumbling; novelty wire
walkers, and a side-splitting comedy
from the Delta Society.

Face Summer In "Firm Fettle" With B.V.D.

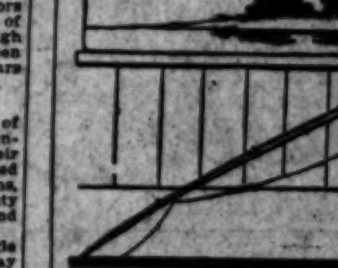

SUMMER without B.V.D. is
almost as unthinkable as
trees without leaves. B.V.D.
has taken the "temper" out
temperature and the "suffering"
out of suffering.

One suit of B.V.D. on your back is worth ten
in your mind. Don't be "going to the sun" and
forget it.

Firmly insist upon seeing the B.V.D. Red Worm
Label, and firmly refuse to take any substitute
wear without it. Then you'll get properly
cut, correctly made, long-service underwear.

On every B.V.D. Undergarment is stamped
This Red Worm Label

AT THE STAGE DOOR

To Dance Round.
All Helen is to appear at the Mermaid during the week of June 14, in the big musical extravaganza, "Dancing Around."

"Spring Malt" Mist.
Miss Haines comes to town in "Hart" next week. By the way, it is pronounced "Hart," with the letter "h" sounded as the Bostonian speaks of his cold tub.

New "Julius."
Gus Travers of the Burbank company returned to Los Angeles yesterday after a fortnight at the San Francisco Exposition.

Miss Travers brought back with her three beautiful Italian canoes to add to her already valuable collection.

The reason she returned as soon as J. M.

"There was an awful statistician up there," she said, "who declared it would take eighteen years and \$48,000 to see the exposition thoroughly. Of course, the \$48,000 meant nothing to my young life, but I couldn't spare the eighteen years."

Plays Divine Bill.
Forrest Stanley was seen staggering out of the Burbank stage door yesterday after rehearsal, evidently down with a huge M.M.S., which also trailed on the ground behind him. Asked if he had taken to selling liquor or to the old clothes trade, he said no, it was merely his role as Shakespeare in "Master Willie Hews."

Mr. Stanley is rehearsing not only the Shakespeare lines but the "brow" he brought it yesterday, along with the "trape."

Selfishly, though, the characterization promises to be one of the best which the Burbank leading man has ever given us. Mr. Stanley is vastly popular with Los Angeles audiences, and the present role promises to net him laurels.

Starlight.
A whole galaxy of stars comes with Miss Haines in "Hart." First, there is Charles Macklin of "Merry Widow" fame. Then there is Bert Gilbert. Bert Gilbert has nine generations of English actors behind him on both sides of the family. And he says the family tree didn't bear a lemon, either.

Gretchen Hood, prima donna, is making her first visit to the city. She was studying for grand opera in Europe when Mr. Savage heard and engaged her.

J. K. Murray was a leading member of the Carillon Opera Company for several years.

Savage Plans.
Jack Pratt, Henry W. Savage's manager, is in the city today. He has announced that Mr. Savage is planning several new productions for next season, among them an elaborate revival of "The Merry Widow" to tour the country, as well as two new musical comedies of Western origin, "Irvin Gable's" "Back Home" with Willis Swenson in the role of Old Reliable, the dandy, will also be produced.

New Joy Jags.
Miss Haines is to appear in a new play with music next year. It has an American locale. The piece is farce comedy, with songs and dances introduced for the stars.

Canasta.
The Castello Sisters are singing "La Espanola" at the "Mission Play" this week. The song was discovered by Manager Henry Macklin on a recent trip to San Juan Capistrano, where he heard some Indians render it. The song is supposed to have been introduced in the earliest Spanish days.

French Barkers.
Los Angeles will be deluged with feminine beauty at 4:30 p.m., June 18, when the Universal Film Manufacturing Company's special arrives with the twenty-five winners in the contest of the nation-wide beauty contests. "Mass" are being made to the beauties welcomed by the Mayor and a band, according to information furnished the Times by the Mayor.

Staring at Stiff.
John Ivanovich, of "Fine Feather" fame, is visiting Edmund Lowe, and the two are going in for a strenuous course of physical culture at the Athletic Club.

Mr. Ivanovich expects to do some picture work while here.

Slings the Shag.
Tom McLean, who played "Broadway Jones" and "The College Widow" in London last season, says a shag slinger was found with the program in the city. The shag slinger was found with the program in the city.

"Whenever we would strike an especially juicy bit of Yankee slang, rustic, rustic would go through the program, while those Englishmen sought for its meaning. Some of the translations were very funny. 'Put up an awful howl' was defined as meaning 'indignantly protested.' 'A rube' was explained as a 'very awkward human being,' and 'all in' was primarily described as meaning 'completely worn out.'"

"That the way the English people used the expressions themselves was funnier yet. One man at the club spoke of his riding clothes as 'all in.' I heard a dandy speak of a certain English lord as 'an awful rube,' also he said that 'the King put up an awful howl' about something."

World Warble.
Mrs. Pat Campbell, it is reported, is declaring for the English rights to "The Songbird."

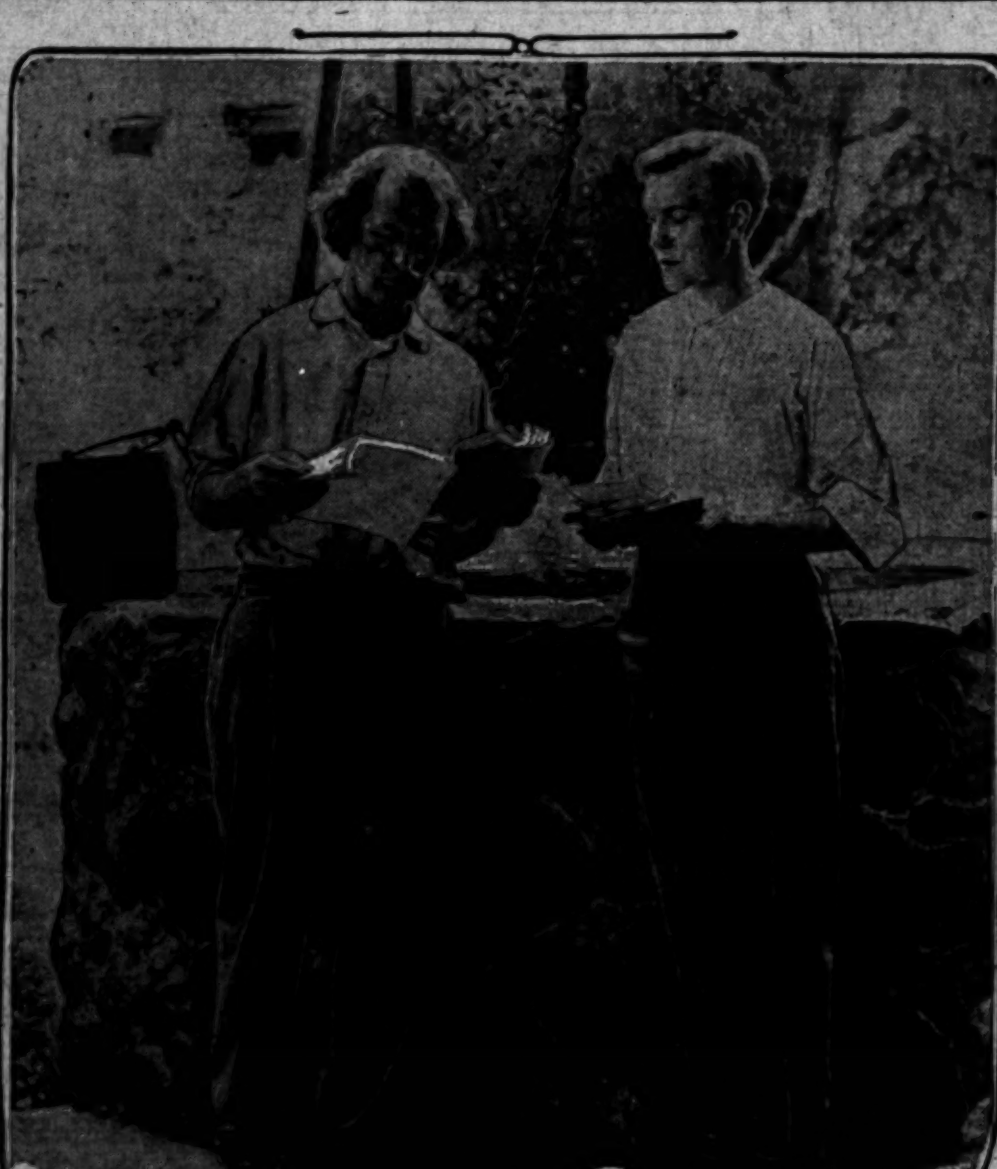

Howdy, Earl.
Earl Carroll, the noted lyric writer of New York, will be in the city next week to write the lyrics for "So Long, Letty," soon to be produced by Oliver Morosco.

More Dandies.
Frank Kemble Cooper and his daughter arrived here yesterday. Both will have parts in "Master Willie Hews."

Mr. Cooper is a distinguished English actor, and the father of Lillian Kemble Cooper, who played the lead in "The Lady Elton."

"Mistph" to be Filmed.
A moving-picture version of "Mistph" from Ella Wheeler Wilcox's play, is to be put on by the Selig company, with Katharine Williams, Byronne Power and Wheeler Oakman in the leading roles.

The Selig announces a thousand

The late Elbert Hubbard and Earl Carroll

At Hubbard's home in East Aurora. Below, Enrico Caruso. These three men, with Olive Morosco, are the authors of a big revue, which will be produced by Morosco shortly.

His Side of It.
Realty Man Arrested on Deed-forgery Charge says He Was Innocent Victim of an Impersonator.

Robert J. Davis, a realty man residing at No. 721 Golden avenue, who was arrested Tuesday on a charge involving a forged deed, declares that he was doing business with the real Dr. Lee. Mr. Davis placed the deed to the St. Andrews lot in escrow with the Title Guaranty and Trust Company, and introduced "Dr. Lee" as such to his notary. When the title company communicated with the real Dr. Lee and discovered the fraud, the impersonator was sought, but had disappeared with his \$100.

FARES TO BE RAISED.
Authority Granted Line Running to La Cresenta to Increase Its Passenger Rates.

Authority to increase certain one-way fares between Glendale and La Cresenta and between Eagle Rock and Montrose and La Cresenta is given the Glendale and Montrose Railway in an order issued yesterday by the State Railroad Commission.

The increases sanctioned follow: Broadway and Brand boulevard, Glendale to La Cresenta, from 10 to 15 cents; Avenue F, Glendale to La Cresenta, from 15 to 20 cents; Central avenue, Eagle Rock, to Montrose, from 15 to 20 cents; and Montrose, from 15 to 25 cents.

These increases are granted with the understanding that the company will concurrently publish a 10-ride fare of 90 cents and a 20-ride fare of \$1.70 between Glendale and Montrose, and a 10-ride fare of \$1.70 between Glendale and Montrose, and a 20-ride fare of \$3.40 between Glendale and Montrose, and will also establish the same fares between Eagle Rock and Montrose and La Cresenta.

Mr. Davis was to get \$2169 in return for the title to his Glendale acreage. Not doubting that he was doing business with the real Dr. Lee, Mr. Davis placed the deed to the St. Andrews lot in escrow with the Title Guaranty and Trust Company, and introduced "Dr. Lee" as such to his notary. When the title company communicated with the real Dr. Lee and discovered the fraud, the impersonator was sought, but had disappeared with his \$100.

According to Mr. Davis, who surrendered to the authorities and was immediately released on \$1000 bail, a man introduced himself to him some days ago as Dr. John M. Lee of Sierra Madre, owner of an \$8000 lot on St. Andrews place. This man represented that he was in dire straits, financial and otherwise, and tried to get Mr. Davis to buy the lot. This latter could not do, but, seeing a chance to dispose of his own large equity in a fifteen-acre tract in the Glendale foothills, he entered into the involved three-cornered deal which resulted in his own arrest and that of J. T. Hochgraf, a solicitor.

This deal was to begin with the deed of the St. Andrews place to Mr. Hochgraf by the supposed Dr. Lee for a consideration of \$500. To prevent an untoward attachment of the property by "Dr. Lee's" creditors, the three men agreed that Mr. Hochgraf should employ the alias of R. L. Adams, an untraceable person, in the transfer. This device, according to Mr. Davis, is frequently resorted to by real estate men when they fear attachment proceedings. Under this fictitious name Mr. Hochgraf was to resell the lot, and of the proceeds

Sensation at Beach.

(Continued from First Page.)

For a while the work was dropped, but the girls lost weight and began to feel poorly, so they moved to the beach where they can do all the physical culture they know how and then come in addition to tanning and swimming. The girls perform well over the hurdles, at the broad and high jump and in the sprint. They are also clever toe-dancers and do well at the Russian dances.

On account of the crowds on the beach at Venice, the girls decided to take their exercises down the beach on the south side of the pier, after the first session, but every day they attract a crowd of spectators.

After spending the summer at Venice, the maidens athletes are to go out on a vaudeville engagement, which is to be one of the real novelty acts in the American Kellerman circuit.

Where's the Money?
TWO-PLATOON
A BIG EXPENSE.

EFFICIENCY DIRECTOR ISSUES A WARNING.

Cost of Doubling Fire Fighting Force a Factor Hereafter not Generally Raised, but Finance will Have to be Found if People Vote Blindly for Initiative.

Warning the taxpayers that the two-platoon system in the fire department will be a costly experiment, Efficiency Director Burke has brought a statement showing the financial side of the case and stating the reasons why the initiative should not be voted upon blindly. In part, his statement says:

In the two-platoon ordinance which voters will be called upon to approve or disapprove next Tuesday, a very practical question arises that has not yet been answered or even faced frankly: In how can the city raise \$100,000 a year which this ordinance will add to the cost of city departments. If the rate could be slightly increased, or if some other source of income were in sight to meet the cost of the two-platoon plan, the matter would be fairly easy to settle, but taxpayers and voters who it is themselves and to the city government to admit that no such easy solution is at hand.

The cost of the city is running behind this year \$100,000; that is, the city's expenses are that much more than its income. The city has practically had to borrow \$100,000 to pay its running expenses. This money has been borrowed from the so-called "reserve fund," which is already far too small to pay the salaries and other expenses of the city between July 1, when the expenses begin, and November 1, when the taxes come in.

The prospects are that the city's income next year will be \$100,000 less than this year's. This prospective shortage in revenue is due to the decline in the value of property in the north end of the city and in personal property assessments throughout the city, and to a reduction in income from a number of sources, such as fees for building permits.

With a deficit of \$100,000 this year and a shortage of \$200,000 in next year's income, there is a gap of \$300,000 between the city's income and its running expenses for 1915-16, calculated at the present running rate. The two-platoon ordinance would add \$200,000 to this deficit, making a total of \$500,000 without taking into account any of the estimated savings required by the natural growth of the city. The estimate of the various city departments for next year call for almost \$2,000,000 more than has been appropriated this year. None of these requests for increase can be provided for, owing to the limited income available to meet the cost.

OPEN IN TWO WEEKS.
Johnnie's Tavern Will be Latest Addition to Los Angeles' List of Cafes.

Johnnie's Tavern, which promises to be one of the largest and most complete additions to the already famous list of Los Angeles cafes, will be formally opened on Wednesday.

The decision was reached yesterday after consultation with the architect who is superintending the construction of the new building and street floor of the Lamer Building is under way.

Rumors regarding the novelties which the new tavern will house are current but so far their source has been guarded. All that is generally known is that there will be two floors, to the tavern and that it will be able to accommodate nearly 1000 persons at a time.

ALL NEWSPAPER PEOPLE.
Mr. George W. Pittcock, brother of Henry L. Pittcock, publisher of the Portland Oregonian, is in the city from Tucson, Ariz., for a short time. He has a number of friends in Los Angeles, who may find him at the home of his son, Mr. Ralph Pittcock, No. 915 West Fourth street, Los Angeles.

Mr. Pittcock comes here in bad circumstances, in that he has just lost his wife at Tucson. Mrs. Pittcock passed away in the Arizona city May 18, after about nine months of patient suffering. She was a woman of noble character, and her resolution and bore her sufferings, including a painful surgical operation, with resignation. There was one element of comfort in it. The lady maintained her mentality and force of character to the end.

The Pittcocks had been in Arizona twenty-one years; and there Mrs. Pittcock was very active in church and charitable work, even at times when she was suffering from her illness.

She was a true wife-fellow with her husband in his newspaper work, and she was a very efficient manager of the household. She was a woman of noble character, and her resolution and bore her sufferings, including a painful surgical operation, with resignation. There was one element of comfort in it. The lady maintained her mentality and force of character to the end.

WHEN EUROPE SEES RED

In the wake of the great war will come disaster even greater than is being wrought by the death-dealing guns and gases in the battle-scarred Europe. America does not begin to realize the extent of this disaster which is foretold in the next issue of NATIONAL SUNDAY MAGAZINE.

THE WAR'S LEGACY OF HATE

Article—By Walter Adolph Roberts
Illustrated by Adrien Machefer.

The author of this dispassionate impartial article was living in France when the war broke and since then he has used his eyes and ears to observe the war from the inside. He has seen the French, German, Belgian and Dutch. Racial hatred, he declares, has been revived with a new intensity unparalleled in civilized times. Asia and Turkey have no part in the Frenchmen and Belgians hate the Germans unforgettably. Austria-Hungary regard the Slavs with a deadly loathing. Germany does not hate France, but is determined to win against England, which, in the past, has not done so well. The author of this article is not only illuminative but contains a warning of interest and conviction.

MISSING: PAGE THIRTEEN

Three-Part Mystery Story. By Anna Katherine Green
Illustrated by Ernest Faher.

In this concluding installment of the latest and best Violet Stanger series, Anna Katherine Green has woven a tale of mystery and suspense. The story is a masterpiece of the genre, and the author's skill is evident in every page. The story is a masterpiece of the genre, and the author's skill is evident in every page.

THE DYNAMO OF BUSINESS

Editorial—By Hugh Chalmers.

This business talk to be read in one of the foremost magazines of America. Needless to say, it is a must for the business man, and it is a must for the business man. It is a must for the business man, and it is a must for the business man.

MOONGWE THE SON-DAUGHTER

Story—By Grace MacGowan Cooke.
Illustrated by Maynard Dixon.

Now and then a great story is painted or a fine story is written. It is a masterpiece of the genre, and the author's skill is evident in every page. The story is a masterpiece of the genre, and the author's skill is evident in every page.

Among other features in the next issue of our NATIONAL SUNDAY MAGAZINE is a clever catechism for both sexes, titled A SELF-EXAMINATION, by the guileless Wilkinson; and another laughable LIMERLEAKS, written and illustrated by Anthony Euwer.

THE cover, in colors, by Brinkley, humorously pictures a juvenile River Harbor Investigation Committee. What is the gaging what? Whether the water is enough for the kids to go swimming.

MUSICAL DIRECTOR WILLEY OF LONG BEACH IS MISSING.

LONG BEACH, May 26.—Edward H. Willey, director of the Municipal Band, had been missing since March 15. City officials and friends of the band leader have been making extensive efforts to locate him, while D. A. Foster leads the band. Not even a letter has been received from the missing leader, who is among the most popular citizens and whose salary is the highest received by any bandman in Southern California.

RECEIVING NEW ELECTRIC CARS.

SAN BERNARDINO, May 26.—The High School graduating exercises have two notable innovations which make for greater simplicity. The girls are not wearing expensive gowns, having kept the price of graduating dresses within the cost of \$5, and most of the girls made their own dresses and kept the price much lower than the limit.

CUT EXPENSES AT GRADUATION.

VENTURA, May 26.—The High School graduating exercises have two notable innovations which make for greater simplicity. The girls are not wearing expensive gowns, having kept the price of graduating dresses within the cost of \$5, and most of the girls made their own dresses and kept the price much lower than the limit.

SEVERAL NEW POWER STATIONS ALONG RIGHT OF WAY.

SAN BERNARDINO, May 26.—Twenty-five new high-powered, fast-speed electric coaches will be received by the Pacific Electric soon after June 1 for use on the line between Los Angeles and San Bernardino, and simultaneously with the placing of this equipment in the service, increased electrical energy, which will double the output of the line at San Bernardino, will be put in use.

ONLY TRAIN WRECKED.

ALTHOUGH the diminutive engine on the "dinky" between San Bernardino and Redlands jumped the track and stalled the train for several hours, the line was not blocked, and the only one on the line, operating a franchise run once each way daily. Consequently traffic was not seriously hampered, and the accident had no perceptible effect upon the outside world.

ONE-SIDED ELOPEMENT.

Charles Frederick Riley, Jr., son of a prominent local family, and Miss Fay Cook, of East Coast, were married in a one-sided elopement to San Diego, the father of the girl, C. C. Cook, being the bride's father.

CROP REPORTS.

REDLANDS, May 26.—Although the gleanings of the naval crop for this season will be sent out this week there will only be a slight lull in the picking and packing. The packers expect to send out the Valley crop in the market sometime in June. Complete returns are not in on the naval crop, but it is possible to give a close estimate now.

GREAT WHEAT CROP.

TULARE, May 26.—According to figures which have been compiled by grain brokers of this district the greatest wheat crop in the history of Tulare Lake will be harvested this year in the lake bottom lands, despite some damage which was done to the crop by high water and rust.

BORDER BREACH SEEMS SERIOUS.

Recall of Courtesy Causes Strained Relations. Lower California's Governor May be Debarred.

Mass Meeting at Calexico to Discuss Situation.

CALEXICO, May 26.—A breach in the cordial relations which have existed between the city, country and government officials here and the authorities of Lower California was opened today when Chief of Police Frank Crane revoked the permits to carry firearms on the American side which had been granted to Gov. Rosendo Cantu and Judge Juan Guadalupe of the Court of First Instance at Mexicali.

Live at the SEASIDE TERRACE SANTA MONICA APARTMENTS.

Open For Inspection Now. Most modern and highest class apartment house at the seashore. Nothing like it at any of the Los Angeles beaches.

Open For Business June 1.

SPECIAL ALL SEASON RATES—MAKE RESERVATIONS NOW. Take any Santa Monica, Venice or Ocean Park car. Get off at Seaside Terrace, Santa Monica.

CARL J. SCHADER, Manager.

PICKLES CHICK FOR BIG PRICE.

CLAREMONT, May 26.—That a dead chick has a greater commercial value than a live one is proved by the fact that a Jap, who is foreman of the orange pickers at the Moore ranch on the Foothill boulevard paid Mrs. A. S. Moore \$19 for a fresh chick after it had died from a fall.

Center of Amusements and Social Center is at Hotel del Coronado.

Center of Amusements and Social Center is at Hotel del Coronado. Advertisement.

North of Wilshire.

LOTS AT \$900. UNHEARD OF PRICES. Get one and store it away if you cannot use it now. And we have some other wonderful lots in this beautiful part of the exclusive Los Angeles residential district at the outrageously low and unheard of prices as follows:

UTILITY.

The advertising value of a publication is determined more by the magazine's helpfulness than by its entertainment. If a magazine is indispensable to a woman, it must be a good advertising medium.

BUTTERICK.

Dr. T. Felix Gouraud's Oriental Cream OR MAGICAL BEAUTIFIER. Because this, the only skin cream that will ever give you a clear, healthy, and glowing complexion, is so good, it is so popular.

LADIES CAN WEAR SHOES.

One size smaller after using Allen's Foot-Ease, the antiseptic powder for the feet. It makes tight or new shoes feel easy; gives instant relief to corns and bunions, prevents Blisters, Calluses and Sore Spots. It's the greatest comfort discovery of the age.

TO SAN FRANCISCO.

Exposition \$18.75 round trip. Tickets on sale June 2 and 10. Good for fifteen days. Other sale dates June 18, 26, 27.

Business: Money, Stocks, Bonds—Trade—Local Produce Market—Citrus Market

FINANCIAL.

OFFICE OF THE TREASURER,
Los Angeles, May 27, 1915.
Bank clearing yesterday was \$4,000,000, as compared with \$3,500,000 the day before. The clearing of checks was \$3,500,000, as compared with \$3,000,000 the day before. The clearing of money orders was \$500,000, as compared with \$500,000 the day before. The clearing of bonds was \$500,000, as compared with \$500,000 the day before. The clearing of stocks was \$500,000, as compared with \$500,000 the day before.

WAR CAUSES
A SETBACK.ATTACK ON AMERICAN SHIP IS
FOOD FOR BEARS.

Aside from These Influences the
Market is Pretty Well Sold Out
and Offers but Little Attraction to
the Short Interest—Copper Metal
is Slightly Shaded.

(BY A. P. NIGHT WIRE.)
NEW YORK, May 26.—That the
stock market remains almost entirely
under the influence of war develop-
ments was again clearly demonstrated
today. Cable telling of an accident
to an American freighter off the Irish
coast, resulting from the explosion of
a mine or torpedo, served as a grim
reminder of the Lusitania episode and
were sufficient to give prices a sharp
setback, from which they made only
partial recovery.

Quite apart from this incident, how-
ever, the market was dull and heavy.
With the approach for the time of the
receipt of this government's reply
from Germany, traders show an in-
creasing disposition to abstain from
new commitments, particularly on the
buying side. On the other hand, the
sold out condition of the market of-
fers few attractions to the short in-
terest.

War issues fall one to three points,
while standard shares decline one to
two and a half. Canadian Pacific lost
the maximum amount. In the steel
markets heavy losses followed a selling
movement in General Motors and
General Electric, causing an irregular
close.

Partial sales of stocks amounted to
\$10,000,000.

Copper was less stable on rumors
of another shipping strike for the metal.

War bonds were shown by the
various markets for foreign exchange.
Bonds were irregular with con-
tinued selling of low priced issues. To-
tal sales par value aggregated \$1,750,000.

Panama coupon 7s declined 1/2 per
cent. on call.

Bond Sales Compared.
(BY DIRECT WIRE—EXCLUSIVE DISPATCH.)
Showing today's comparison of bond and stock
sales.

COMPARISON OF BOND SALES.
Total sales May 26, 1915..... \$1,750,000
As compared with \$1,500,000 the day before.

COMPARISON OF STOCK SALES.
Total sales May 26, 1915..... \$10,000,000
As compared with \$12,000,000 the day before.

LOS ANGELES STOCK EXCHANGE.

Los Angeles Market and Lack of Interest
Characteristic Session—Union Only
Important Security Sold.

Dullness prevailed on the Stock Ex-
change yesterday. Union Oil, the only
high priced stock sold, recorded sales
of ten shares at 57.25. The only other
trades were California Hills and Na-
tional Pacific among the cheap oil
stocks. The California Hills at 44, and
National Pacific at 14 1/4. Only scattering
trades were made in either issue. Of-
board sales of Amalgamated Oil at
62.00 were reported.

COMMERCIAL.

Although shipments of cantaloupes
were heavy as compared to any day of
the past, dealers were not excited yester-
day morning for the reason that the
fruit is still green. It may do for
long shipments but for home con-
sumption, the "canta" are out of the
question. Imperial Valley shippers
would do well to show a little more
care in early shipments. Their seal to
get top prices may result in complete
loss instead of fair gain. The melons
look good, but they are far from being
that same thing. Yesterday, pony
cantaloupes sold at about 40 cents a
bushel, brought approximately 80.

The first good cherries of the year
were received. The arrival of all
cherries amounted to 2500 boxes, the
cheapest

Public Service: City Hall, Courts.

At the City Hall.
FOUR VIADUCTS
TO SERVE CITY.PUBLIC UTILITIES BOARD TO
PRESENT PLAN.

Council will be urged to make immediate provision for improvements at Macy, First, Fourth and Seventh streets to be completed within a year.

Plans for the construction of four viaducts to span the industrial district of Los Angeles and eliminate the dangerous grade crossings are being prepared by the Board of Public Utilities for presentation to the City Council within the next few days. This subject, which has had the attention of the Board of Public Utilities since the recent accident at the Aliso street crossing, will be presented to the Council in form of action after election, with a suggestion that next month when the City and county get together on the tax levy, an additional mill be added to the figure to take care of the city's portion of the cost of the viaducts.

The viaducts most needed to separate grades at the present time, according to the Board of Public Utilities, are at Macy, First, Fourth and Seventh streets. In the event that the Council decides that only two can be built this year the board believes that Macy and Seventh streets are most important.

The plans tentatively worked out by the Board of Public Utilities provide that the cost shall be borne one-half by the state roads and one-half by the city, the county and the street railway company. Paving on a basis of a total cost of \$1,000,000 for the four viaducts, this would leave the city and county expense at less than \$1,000,000.

By constructing all four viaducts at once, President Lane of the Board of Public Utilities says that a saving in material can be made amounting to \$300,000 or \$400,000. Another argument to be presented in favor of immediate action will be that it shows a spirit of progress and optimism that will have a real and tangible value. The Aliso street accident of a few weeks ago will cost the Pacific Electric and the Santa Fe \$200,000 each before all claims are adjusted, and thus, the Board of Public Utilities argues, it would only take two such accidents to cover the railroad's share of the cost of the viaducts.

The Board of Public Utilities will recommend today to the Council that water, light and electricity rates be raised in the Palms, San Fernando and Baird towns before annexation remains in force in these territories. Rates will come under jurisdiction of the State Railroad Commission in August, and the Board of Public Utilities assumes that inasmuch as the rates had apparently been satisfactory and fair, there is no need for change.

WHO PAYS THE BILL?

CONTRACTOR IS THINKING.

Whipping on the Broadway tunnel fifteen years ago will cost somebody \$1500 to \$2000 and maybe more. Contractor Berrill is thinking of the skimping. Nobody knows at this late date anybody cares particularly just who was to blame for the skimping and as the tunnel stands today, it is a mighty good piece of work. It is in \$100 or more cubic yards of concrete. Those facts were presented and admitted by all present at a meeting of the Board of Public Works and the contractor, yesterday afternoon. Berrill was given until next Tuesday to decide whether he wanted to have an engineer go over the work and check up on the city's estimate of the extent of the skimping.

Frank H. Olmsted, who was City Engineer when the Broadway tunnel was constructed, told the board that the whole job was turned over to John H. Quinton, tunnel expert, then in the employ of the city engineering department. Mr. Quinton said that it would be impossible to fix responsibility for permitting the contractor to build the walls a foot or over less in thickness than the measurements. President Handley asked Mr. Berrill if he would agree to square things with the city by now lowering the grade of the tunnel so that the city would be at no extra expense because of the skimping and the contractor replied, "Certainly not."

Members of the Board of Public Works after the meeting said they believed that any claim the city might have against the contractor had been outlawed by the City Attorney's decision before the meeting next Tuesday.

Arbitration Accepted.

Differences of opinion over the management of the Newboys' Home were aired yesterday at a meeting of the trustees of the home with the City Engineer, the City Attorney, the City Charities Commission and the City Charities Commission and the City Charities Commission decided upon as a board of arbitration to decide whether the boys shall be required to tie up their shoes in cretonne bags when they retire or leave them on the floor under their little bunks. Other questions of etiquette de chambre and management of the "guests" of the home will also be weighed carefully by the Charities Commission.

Buried Deeper.

Two more nails were driven in the coffin of the municipal railway proposition yesterday when the City Council authorized the return of two pieces of right of way given conditionally to the city by the Southern Railway. The land in question, extending for several miles between the city proper and the harbor, was offered on condition that work on the city railroad be started within a specified time. Quilt claim deeds to the original owners will be executed.

Lighting Taxes Due.

A. B. Conrad, city tax and license collector, reported yesterday that delinquent sale for property on which taxes for street lighting are unpaid will be held June 30. On and after June 2, a penalty of 10 per cent will be added on lighting taxes for Fourth, Fifth, Sixth, Seventh, Eighth and Ninth streets, Broadway, Canal and Hill streets, Hollywood boulevard, Main from Sunset boulevard to Pico street, and on Olive, Pico and Spruce streets.

Minor Council Delays.

Protestants against improving Brooklyn avenue from Indiana to Bridge streets were turned down by the Council yesterday but a compromise

was reached whereby the City Clerk was instructed not to present the ordinance for improvement until May 31, 1916.

Rehearing of protests against wharfage rates fixed by the Harbor Commission was set by the Council for June 10 at 9 a.m.

The report of the City Attorney, including a resolution providing for refunds to jitney bus drivers on their licenses, was received by the Council and referred to the Finance Committee with the understanding of the committee that it will be held up until after election. As drafted, the resolution provides a form of affidavit whereby those who paid \$15 for the first quarter instead of \$1.50, the amount required from drivers who do not stand on the streets awaiting patronage, shall receive refunds on proper affidavit which must be checked by the City Clerk.

At the Courthouse.

SMILES, DARTS
FOR EXECUTOR.MRS. DE PAUW CLOSING ISSUE IN
YELLOW ASTER CASE.

With Brilliant Flash of Rhetoric She "Sails" Into Man She Would Have Ousted From Mine—Tells How Mr. Singleton Regarded Her. Other Matters.

Mrs. Stella M. de Pauw, in a brilliant flight of rhetoric, closed her testimony yesterday in the fight to control the management of the Yellow Aster mine. She asserted that she received a serious nervous shock, Dr. Thomas J. Orsborn, Dr. Charles L. Allen and Dr. H. G. Brainerd, the committee named by the court, will inquire thoroughly into the present and future status of her nervous system. The chimpanzee was owned by E. W. Knowlton of Pasadena.

The line Mr. Goodwin was stopped from pursuing will be gone into by the testimony of three physicians appointed by Judge Myers yesterday. When the chimpanzee burst into her home and grabbed her baby she was badly frightened. She asserted that she received a serious nervous shock, Dr. Thomas J. Orsborn, Dr. Charles L. Allen and Dr. H. G. Brainerd, the committee named by the court, will inquire thoroughly into the present and future status of her nervous system. The chimpanzee was owned by E. W. Knowlton of Pasadena.

SEEKS DAMAGES.

CLUB BUES THE COUNTY.

The suit of the San Gabriel Valley Country Club against the county of Los Angeles before Judge Works to

recover \$75,000 damages for destroying practically fourteen acres by flood waters has developed that the main cause of the trouble was the building up of Pasadena. Heretofore the flood waters from the mountains spread over the sagebrush land and seeped through the soil. Then the Rubio protection district storm drain and the Rubio No. 2 drain were constructed to carry off the flood waters because the mesa was built upon.

The flood cut through the country club's golf course, widening a twenty-foot arroyo to a width of 200 feet. In the language of the club members, only "an expert can play golf there now. Both sides to the suit are calling engineers as to their views in the laying of the concrete ditch which takes the place of the old earth channel.

COURT PARAGRAPHS.

PROCEEDINGS IN BRIEF.

GETS ESTATE. W. A. Wyble and his wife were bequeathed the \$500 estate of Charles H. Culver, postmaster at Bell station. Fred Wyble, water and five other cousins of Mr. Culver, who died last January, attacked the probate of the will on the ground that Mr. Culver had been unduly influenced. The case came on for trial before Judge Houser yesterday.

On the run I was sitting on the judge and he fined me \$500.

The incident related in Mr. Goodwin's best manner, caused spectators and jurors alike to laugh, and even ruffled the surface of the court's face.

The line Mr. Goodwin was stopped from pursuing will be gone into by the testimony of three physicians appointed by Judge Myers yesterday.

When the chimpanzee burst into her home and grabbed her baby she was badly frightened. She asserted that she received a serious nervous shock, Dr. Thomas J. Orsborn, Dr. Charles L. Allen and Dr. H. G. Brainerd, the committee named by the court, will inquire thoroughly into the present and future status of her nervous system. The chimpanzee was owned by E. W. Knowlton of Pasadena.

some business for her in Belgium."

The case may be concluded today.

FELL ONCE.

"FIVE HUNDRED" TUNE.

"Don't pursue that line any further," Judge Myers suggested to Attorney Goodwin, counsel for Mrs. Lillian S. Lindley of Eagle Rock Park, in the sensational chimpanzee scare damage suit yesterday.

"I have been practicing for twenty-six years," exclaimed Mr. Goodwin, "and I have never been in contempt of court. I abide by your suggestion."

After the noon recess Mr. Goodwin addressed the court. He said he wanted to make a correction.

"I stated I had never been in contempt of court," he said. "I take that back. Years ago I was in a case when the judge came off the bench and struck one of the attorneys. Subsequently I went into the judge's chambers on a matter of findings, and he struck me. When the bailiff came in on the run I was sitting on the judge and he fined me \$500."

The incident related in Mr. Goodwin's best manner, caused spectators and jurors alike to laugh, and even ruffled the surface of the court's face.
